Administration Report—Hospet Municipality—1923-24—Reviewed.

Government of Madras

LOCAL SELF-GOVERNMENT DEPARTMENT

(Local and Municipal)

G.O. No. 2678, L. & M., 26th September 1924

Administration Report—Hospet Municipality—1923–24—Reviewed.

Order—No. 2678, L. & M., dated 26th September 1924.

I.—COMMUNICATIONS.

The Council spent upon its $2\frac{1}{4}$ miles of trunk road Rs. 1,965 against Rs. 2,016 in the previous year. The expenditure on other roads rose from Rs. 1,943 to Rupees 2,356 but represented only 43 per cent of the net toll revenue. The allotment might have been more liberal as the general condition of the roads still leaves much to be desired. The Council should pay more attention to them during the current year. The number of lights remained the same but the cost of lighting fell from Rs. 1,859 to Rs. 1,734 owing, it is stated, to economical management.

II.—EDUCATION.

2. According to the statistics furnished 64 per cent of the boys and 86 per cent of the girls of school-age have yet to be provided with elementary education. Attempts should be made to bring more pupils under instruction. The Council maintained ten schools for boys and two for girls but only a sixth of the pupils in the town attended these schools. The Council maintained one school exclusively for Panchamas and two night schools for weavers and labourers. The strength in the boys' schools slightly declined but there was an appreciable improvement in their attendance. In the case of the girls' schools on the other hand, the strength showed some increase but there was a decline in attendance. Only one school taught beyond class IV and 70 per cent of the pupils remained in classes I and II. Six of the schools were accommodated in rented buildings. The Council should consider the desirability of providing its own school houses.

3. The strength of the secondary department in the municipal high school rose from 177 to 207. Of these, as many as 53 came from the backward classes. Eighteen pupils appeared for the Secondary School-leaving Certificate Examination but only six qualified for a university course.

III.—PUBLIC HEALTH.

4. The number of out-patients treated at the municipal hospital fell from 13,807 to 12,240. There was however a satisfactory improvement in the attendance of in-patients which rose from 87 to 225 of whom about two-thirds came from outside municipal limits.

5. The birth-rate recorded was 37 per mille against a death rate of 33 per mille. Infant mortality showed a welcome decline from 207 to 175 per mille. Only one of the two municipal midwives was able to attend to labour cases in the town. Her outturn during the year rose from 168 to 220 covering nearly a third of the recorded births. This is a fair record for one midwife, but there were nevertheless many confinements unattended by her.

6. Public health was much better than in the previous year. There were no deaths from cholera and plague, while smallpox claimed twelve victims. Vaccination improved, the rate of successful vaccination rising from 33 to 44 per mille.

7. House conservancy arrangements continued to be unsatisfactory, the number of houses conserved remaining the same as in the previous year in spite of an increase of 42 in the total number of houses. Only 6 per cent of the houses in the town are provided with latrines. The Chairman should strictly enforce the provisions of section 146 (1) of the Act and compel owners of houses to build latrines.

8. The town has no protected water-supply.

IV.—REMUNERATIVE ENTERPRISES.

9. The ordinary receipts and charges under the main sources for the last three years are subjoined:—

—	Receipts.				Charges.			
	Markets.	Cart-stands.	Slaughter-houses.	Tree-planting.	Markets.	Cart-stands.	Slaughter-houses.	Tree-planting.
	Rs.		Rs.	Rs.			Rs.	
1923-24	1,716	..	230	87	..	..	175	..
1922-23	1,808	..	231	69	..	..	388	..
1921-22	1,956	..	371	29	..	..	166	..

The Council maintained a daily market, two weekly markets and two slaughter-houses. The revenue from markets again declined. In the absence of private competition the Council should have been able to realize a larger revenue from these institutions. The extension of the daily market and the opening of a cart-stand are engaging the attention of the Council.

V.—FINANCE.

10. There was an improvement in collection work. Only 9 per cent of the demand under taxes and 3 per cent of that under other items remained uncollected against 21 and 7 per cent respectively in the previous year. The Council's finances continued to be satisfactory and its transactions under the General Account during the year are exhibited in the annexure to this order.

VI.—GENERAL.

11. Only one of the four elections held during the year was contested. At this election three candidates competed and 58 per cent of the voters took part. The Council held in all 14 meetings of which two were adjourned for want of a quorum. Attendance at these meetings fell from 71 to 64 per cent of the sanctioned strength. Three standing and two ad hoc committees were formed during the year. A joint committee constituted in June 1922 finished its labours in June 1923.

(By order of the Government, Ministry of Local Self-Government)

* ADMINISTRATION REPORT *

1923-24.

(Hospet Municipality)

21431

1. Constitution and Management.

1. Jurisdiction:-

(i) There have been no changes in the jurisdiction of the Municipality since its constitution in 1913. For purposes of administration the municipality is divided into six wards on the principles laid down in G.O. No.1313 M dated 5-9-1919 and they are as follow.

I	Ward Chittawadigi .	IV	Ward Main-Bazar.
II	Ward Victoriapet.	V	Ward Devengapet.
III	Ward Cowlpet.	VI	Ward Boyakeri.

(ii) This system has greatly facilitated the work of the municipality and resulted in the division of labour which adds to the convenience of the administration.

2. Personal.

(a) The council :-

(i) The sanctioned strength of the council was sixteen as in the previous year. The proportion of elective seats viz, three-fourths remained unaltered. This is the minimum prescri-bed in section-7(2) of the Act.

(ii) No officials were ex-officio councillors or appointed as such.

(iii) Of the twelve elected councillors , 3 are Brahmins, 1 Lingayet, 2 Devangas, 1 Vellala, 1 Naidu, and 1 Ediga. Of these the Ediga councillor represents a backward class. The four nominated councillors who were on the council in the previous year vacated their seats on 24-3-24 by efflux of time and fresh nominations were notified in the Fort Saint George gazettee on 27-5-1924. Particulars of their caste etc, are as under.

Janab Vellur Mastan Sahib Bahdur,	Muhammadan
M.R.Ry, Moses Yesudasayya Garu ,	Indian-Christian
M.R.Ry, Banada Mari Hulugappa Garu,	Boya
M.R.Ry, Mochi Parasappa Garu,	Mochi(Shoe-maker)

(b) Directing Officers;-

(i) Chairman.

The Council is presided over by an elected Chairman, who is an honorary non-official. There was no change in the office of the Chairmanship during the year under report. M.R.Ry, Dewan Bahdur, T. Kothandaram Naidu Garu was the Chairman.

(ii) Vice-Chairman.

The Council elected M.R.Ry, B. Sreenivasa Rao Garu as its Vice-Chairman on 15-12-1922 and he continued to work as such throughout the year 1923-24.

(iii) The elections of the Chairman and the Vice-Chairman were held on 11-11-1921 and 15-12-1922 respectively and both the seats were contested, there being two candidates for each.

(iv) There is no Secretary. The manager is the head ministerial officer who attends to the office work. The executive work is being done by the Chairman himself.

(Enclosure I-A.)

3. Elections.

(i) Under the existing franchise the electorate is wide enough though the elctors are still uneducated. They neverthless evinced a good deal of interest in the elections. 198 voters were present at the poll on 25-9-23 the election day, which number represents 58.23 percent of the total number of electors.

(ii) Four councillors had to be elected during the year under report of whom three were returned uncontested. For the fourth a poll was taken. Three candidates contested the seat. The total cost including that of the preparation of electoral rolls amounted to Rs. 100/-

(iii) There were no election disputes at all.

(Enclosure I-B.)

4. Meetings.

(i) Generally the council's meetings were held once a month. The attendance of menbers was fairly good. The average percentage of members present was 63.96 as against 71.11 in the previous year. Fourteen meetings in all were held and two were adjourned for want of quorum.

(ii) The business at each meeting was promptly attended to and all the subjects entered in the agenda were disposed of. No meeting was adjourned for want of time or owing to the prolongation of the sitting.

(iii) The councils' procedure was regulated as per rules in the schedule III of the Act V of 1920.

(Enclosure I-C.)

5. Committees.

(i) The council appointed three standing committees viz,

(1) Educational.

(2) Public Health.

and (3) Public works.

(ii) Two ad-hoc committees were formed during the year under report.

(iii) No Ward-committees were appointed.

(iv) A joint committee was ~~was~~ constitued in June 1922 to decide the payment of the share of the toll revenue to the Bellary District Board. It met at Bellary on 25-6-23 and decided that the municipality should pay one-fourth of the gross income derived from tolls.

The realizations under animals ,Vehicle and carriage taxes amounted to Rs 6154-8-0 as against Rs 4675-4-0, Rs 4675-12-0 and Rs 4669-1-0 in the preceding three years. The total service receipts under communications were Rs 11734-12-9 as against Rs 10502-4-2 in 1922-23 and Rs 10742-8-6 in 1921-22.

8. Establishment.

There is a suboverseer on Rs 40-1-65(annual) with a cycle allowance of Rs 5-0-0 a month. He is competent though unqualified. He attends to the execution and supervision of public works. A peon on Rs 10-½-15 (annual) is allowed to work under him. The Suboverseer is looking after the avenues.

9. Roads, Bridges, Ferries, and Buildings.

(a) Roads.

The Madras-Bombay trunk raod is treated as a " first class road" while the communications leading to Kamalapur and Ramandrug are classified as " Second class roads" . The remaining ones come under the category of " third class roads" This classification was made with the consent of the District Board. The main-bazar street forms part of the trunk road and is the principle thorough-fare . It is 2 miles and 2 furlongs in length and lies within municipal limits. An aggregate sum of Rs 1965-4-0 was spent on its maintenance as against ~~Rs~~ Rs 2016-2-3 in the previous year.

(ii) The metal used is picked up in the fields in the out-skirts of the town. It is good and suitable . The longest and shortest leads of the gravel quarries are 1 mile 5 furlongs and 1 mile 2 furlongs respectively while the leads for the metal quarries are 2 miles 5 furlongs and 2 miles 3 furlongs. There was no need for resorting to the railway for transit of road meterials.

(iii) The condition of the trunk road was good. That of the Kamalapur and the railway feeder roads was fair. The Chittawadigi road was bad. The condition of the other roads was passable. Absence of rain and the consequent water difficulty were in our way. The Chittawadigi road will be metalled through-out in the current year. The traffic on it is heavy.

The width of the main-bazar street varies from 31 to 76 feet. The shop-keepers on either side of it are temporarily permitted to occupy the road margins on every Saturday which is a market day on payment of fees as fixed by the council and subject to certain restrictions against obstruction to traffic.

(iv) The gross and net revenue derived from tolls was Rs 6907-2-5 and 5435-8-9 respectively as against Rs 6545-0-8 and Rs 5729-4-8 in the previous year. The total expenditure on roads including that on the trunk road was Rs 4320-13-4 as against Rs 3958-14-5 in the previous year. The percentage being 79.5 as against 69.10 in the previous year. Excluding the expenditure on the trunk road the outlay on roads bears a percentage of 43.34 to the net toll revenue. A sum of Rs 1965-4-0 was advanced from municipal funds for repairing and maintaining the trunk road . Of this sum only Rs 1634-0-0 was paid by Government in G.O. No. 2093 L & M dated 22-9-23 and the balance is still due from provincial funds. Rs 379-11-9 and 1975-13-7 was spent on the maintenance of second and third class roads as against Rs 238-8-7 and 1704-3-7 respectively in the previous year. The total cost of maintenance per mile amounted to Rs 360-1-4 as compared with Rs 339-14-2 in the previous year. Out of its toll income the council paid to the Bellary District Board Rs 1471-9-8 as local fund share as against Rs 815-12-0 in the previous year. The percentage of expenditure to the Budget allotment was 92 as against 92.07 in the previous year.

(Enclosure. II-A.)

(b) Bridges, Causeways, and Culverts.

Major works:-

(i) No major works were undertaken during the year under report.

Minor works:-

(ii) Some culverts were widened and repaired at a cost of Rs 100/-. This item of expenditure was included in the maintenance charges of the respective roads.

Capital Works.

(iii) No expenditure was incurred on the construction of new bridges or causeways.

(c) Ferries.

There were no ferries.

(d) Departmental buildings.

No work of importance was undertaken.

10. Rest-houses , choultries and Watersheds.

(a) Rest-houses.

(i) and (ii) No rest houses are under municipal control.

(b) Choultries and watersheds.

The council is maintaining a choultry. it provides accomodation for all classes of persons. Travellers are allowed to occupy a room on payment of a daily fee of 0-4-0 . No new choultries were constructed . There were no watersheds, there being no necessity for them.

(ii) The income derived from choultry fees amounted to Rs 144-12-0 as against Rs 95-2-0 and Rs 144-12-0 in the two preceding years. The charges for maintaining the choultry aggregated to Rs 120-0-0 as against 147-9-3 and Rs 130-0-3 in the years 1922-23 and 1921-22 respectively. There are no endowments. No free feeding of travellers was undertaken.

(Enclosure II-C.)

11. Tools plant and stores.

(i) Petty repairs to certain public works tools were done and the expenditure therefor was debited to the respective works.

(ii) No new or important plants were purchased during the year under report.

12. Lighting.

As in the previous year the same number of lights i.e. 132 continued to be lit. The total cost of maintaining lights fell from Rs 1859-1-10 to 1733-12-10 during the year under report. The average cost per light was Rs 14-1-4 in the previous year and was reduced to Rs 13-2-2 in the year under report. The decrease is due to the economical management and to the easier price of oil. There were in all six cases of thefts of lighting materials as against nine in the previous

previous year. None of the offenders were brought to book by the police to whom the occurences had been reported promptly. The council has sanctioned six additional lamps for the year 1924-25 and the posts are being got up.

Special schemes.

The council is not in a position to under take any special scheme for lighting such as the electric installation and the putting up of high power lamps. No private person has come forward to undertake one or the other as a paying concern.

(Enclosure II-D.)

Elementary Education.

14. Adequacy of education facilities.

(i) The number of boys of school going-age (up to 15 years of age) is 2344 while that of the girls (up to 10 years is 1225. This standard has been approved by Government in G.O. No. 208 Law dated 21-2-22. The number of boys and girls whose education is yet to be provided for is 1493 and 1055 respectively or 63.69 and 86.12 percent of the total numbers. The number of schools was 15 for boys and two for girls as in the previous year. The average number of boys in all the schools during the year under report rose from 829 to 851 while that of girls from 169 to 170.

(ii) The total number of boys and girls attending municipal schools was 365 and 100 as against 305 and 145 respectively in the previous year. The percentage of the total number of boys of school age in all municipal schools to their total number within the municipal limits was 42.89 while that of the girls was 58.82.

(iii) None of the children living outside municipal limits attended the municipal schools.

(Enclosure III-A and B.)

15. Strength and efficiency.

There were in all twelve elemenetary schools under the management of the council. The strength of boys schools was 430 as against 434 in the previous year. The percentage of attendance was 80.00 as against 76.02 in the previous year. The strength and percentage of the daily attendance of girls s schools were 171 and 67.83 as against 155 and 70.96 respectively in the previous year. The municipality runs an elementary school for the sole use of the Panchama children. Panchamas seeking admission are allowed to join other public schools but as yet only two girls belonging to Adi-dravida community are among the pupils of the municipal Hindu Girls school. They were admitted during the year under report. None of them got into the Boys schools.

Enclosure C to F.

16. Staff.

Twenty one teachers were employed in the schools, of these three are untrained . The proportion of trained to untrained teachers was 14.28. The two night schools opened for the benefit of weavers and labourers are managed by the teachers employed in the day schools and each of them were allowed a remuneration of Rs 7-8-0 a month. The scale of salaries sanctioned for the various grades of teachers is as follow.

	Trained.	Untrained.
Males	Rs 12 plus 6 a month	Rs 10 plus 5.
Females	Rs 13 plus 6½ a month	Rs 10 plus 5.

The teachers holding substantive appointments are allowed to enjoy the benefits of the municipal provident fund. A compensatory allowance of Rs 2-0-0 a month is paid to such of the teachers who have sustained loss on account of the abolition of the capitation allowance from 1-4-1923. The headmaster of the Municipal Hindu Elementary school and the Headmistress of the municipal Hindu girls school hold pensionable posts. The number of trained teachers employed is an index of the efficiency of the staff. The number of pupils per teacher was 29, while his average salary was 237-13-11 a year.

Enclosure III-G.

17. Accomodation and equipment.

The council owned four buildings and hired six on rent. Rs 1-12-0 was spent on the maintenance of the former, while the rent paid for the latter amounted to Rs 393-2-3 as against Rs 232 in the previous year. So far as the free play of air and light is concerned the school houses may be said to be satisfactory on the whole. Each of the Hindu girls school and the Panchama school has got attached to it an open ground for purposes of play. Rs 1405-15-5 was spent on the construction of the Devengapet school house. It was occupied 17-7-23.

(Enclosure III-H.)

18. Elementary Education Fund.

(i) The total expenditure on elementary education was Rs 6199-2-3 as against 5532-9-8 and 4397-3-7 in the two preceding years. Rs 2070-13-11 or 33.40 per-cent of it was met from General funds, Rs 27-4-4 or 0.43 per-cent was appropriated from service receipts and the balance of Rs4101/- or 66.13 per-cent was charged to Government grant account. Nothing was left as closing balance under this account.

(ii) The cost of the elementary education per head of pupil was Rs 10-4-4 as against 12-3-3 and 9-9-7 in the two preceding years.

(iii) The council's relations with the District Educational Council were cordial and harmonius.

(Enclosure III-I)

II Secondary Education.

19. Adequacy and strength.

(i) The municipality is running a complete secondary school since 1922-23. This is the only institution of the kind in existence.

(ii) The highest form in the said school is the 6th, form which was opened in 1922-23.

(iii) The total strength of the secondary department of the school was 207 or 30 more than in the previous year.

(Enclosure III-J.)

20. Efficiency.

(i) The average strength of the school was 308 as against 187 in the previous year while the average attendance was 299 or 97 per-cent of the average strength.

(ii) The strength of the highest or the 6th, form was 18 or 8.69 per-cent of the total strength of the school in the secondary department. Particulars regarding the other forms are as detailed below.

Form	Strength.	Percentage to strength of secondary department.
V.	25.	12.07.
IV.	41.	19.85.
III.	33.	15.94.
II.	43.	20.77.
1.	47.	22.75.

The strength of the elementary department of the school was 93 boys and one girl or 14 more than in the previous year.

(iii) The number of non-residents receiving the benefits of education in the secondary school was 7.

(iv) The number of girls in the secondary department of of the school was nil, while that of boys belonging to the backward classes was 5 as against 42 in the previous year.

(v) Eighteen students in the VI form appeared for the S.S.L.C. examination of whom six obtained eligibility certificates. The working of the school was well spoken by the Educational Officers.

(Enclosure III-K.)

21. Staff.

Seventeen teachers , one clerk and two peons ~~were~~ were employed during the year under report. Of these seventeen teachers , ten are in the permanent cadre, one acting in the place of a permanent incumbent now working in the temporary section and six are in the temporary section. The increase in the strength of the lower forms and standards necessiated the division of some of them and the entertainment therefor of some temporary hands. The headmaster who is a mathematics B.A.L.T. and the History assistant who is also a B.A.L.T. are experienced men and are paid Rs 150-0-0 and Rs 100-0-0 a month respectively.The science assistant was also a B.A.L.T. and was paid Rs 100-0-0 a month. The appointment is now vacant The teachers employed in the lower forms and classess are trained and efficient to discharge the duties required of them. The Telugu pandit who holds a pensionable post attached to the middle school was on leave for one year from 17-7-22. He returned to duty on 17-7-23 but was ordered to work in the temporary section as he was not quite fit to discharge the

duties of a telugu pandit and the acting incumbent formerly working in his place was allowed to continue on the maximum salary of Rs 40-0-0 a month he being a trained and otherwise qualified vidwan. The former will complete his service on 12-9-25 and will be retired atonce.. All the permanent teachers including the school clerk were allowed the previlege of subscribing to the municipal provident fund.

In consideration of the steady increase in the school strength and the continuance of the temporary section, the council on the recommendation of the District Educational Officer made the temporary section permanent and sanctioned the entertainment of a mathematics B.A.L.T. in the place of a raw semi-graduate working in the temporary section, of a commercial Instructor and of a Canarese pandit.

22. Accomodation and Equipment.

The present school house even with the addition of the old submagistrate's court is quite insufficient for the purposes of a high school. The question of providing additional accomodation is engaging the attention of the council and the Educational authorities. The necessary estimates are under preparation. A sum of Rs 1392-5-6 was spent on repairs and renewals to equipment and furniture etc, and Rs 107-12-0 under capital expenditure. Rs 88-15-6 was spent for repairing the school building . The ventilation of the school house is satisfactory.

(ii) Adequate provision was made for physical culture. Besides the usual school Gymnasium, the school commands a foot-ball, Badminton, Hockey and cricket teams. The receipts from games fee and the layout on sports materials were Rs 500-12-0 and Rs 151-10-0 respectively during the year under report. The school has an extensive play ground which is about two furlongs away from it.

(iii) No hostels are attached to the school. Want of funds is in the way.

23. Finances.

The entire expenditure amounted to Rs 12919-5-6 and the receipts from school fees and the other receipts went up to Rs 7122-4-8 as against Rs 10944-13-8 and Rs 6239-1-6 in the previous year. The net cost of the institution was Rs 5793-9-0 as against Rs 4700-2-11 in the previous year. The Government contributed Rs 1494-0-0 by way of subsidy as against Rs 2340/- in the year 1922-23. The net cost to the management was Rs 4299-9-0. The subsidy for the high school classes was not calculated at 75% of the salaries of teachers actually paid to them but on certain scales fixed by Government. The net cost per pupil rose from Rs 26-9-10 to 28-0-0 in the year under report.

(Enclosure III-L.)

III. Special schools ,Public libraries etc:-

24. No such institutions were in existence.

26. Adequacy.

(i) The municipal hospital is the only recognized public medical institution. There were two other non-recognized private dispensaries. One of them is managed by a L.M.P. and the other by one who has received his training at the national medical college Calcutta. There are also thirteen native physicians giving medical aid in the town. Medical relief may be considered to be adequate under the terms of G.O. No. 1216-L. dated 7-6-21.

(ii) The municipal hospital was in charge of a first class Sub-assistant surgeon of selection grade throughout the year. The compounder is a man of selction-grade. The two midwives were also trained and experienced. These and the menials constituted the staff. It was quite adequate.

(iii) No separate medical institution for females is in existence though one is desirable. The municipality is not in a position to have it.

27. Patients.

225 in-patients and 12240 out-patients were treated as against 87 and 13807 respectively in the previous year. Of these 149 in-patients or 66.22 per-cent came from out side the municipal limits and 512 out-patients were non-residents. The daily average number of patients treated was 35.62 as against 38 in the previous year, while the average daily attendance was 121.33 as against 94 in the previous year. The net cost per patient (in and out) rose from 0-3-9 to 0-7-4 in the current year. The net cost of the instituion was Rs 5699-12-1 as against Rs 3346-13-0 in the previous year. The increase is due to the purchase of bedding and clothing and the expenditure incurred on improving the hospital building during the year under report.

(Enclosure IV-A.)

28. Accomodation and Equipment.

(i) The hospital building is almost centrally situated and is well equipped. The construction of a contegious disease shed is of urgent necessity and will be taken on hand in due course.

(ii) The subordinate staff and the existing equipment are quite sufficient to serve the purpose of a hospital.

(iii) His Excellency Lord Pentland and the late Surgeon-General Lieutenant Colonel Bannerman suggested the desirability of bringing into existence an operation theatre. Government were pleased to sanction Rs 10440-0-0 for the purpose. The building was completed in the year under report. The necessary instruments and appliances were supplied at a cost of Rs 723-13-6.

(iv) A sum of Rs 1653-13-0 was spent on capital works during the year under report. The items of expenditure are as here-under.

(i) Construction of operation theatre	Rs 265-5-5.
(ii) Construction of compound wall to the Hospital	Rs 461-14-8.
(iii) Construction of lumber room	Rs 202-11-5.
(iv) Equipment for operation theatre	Rs 723-13-6.
Total	Rs 1653-13-0

This sum was fully met from municipal funds.

II. Preventive Medicines.

29. Organization and staff.

No special staff was employed to look after public health The medical Officer in-charge of the hospital and the Sanitary Inspector tried to do the propoganda work. The people are not yet alive to the advantages of keeping themselves and their houses clean and thereby warding off diseases. Rs 2-5-0 was spent as contingencies in effecting a wide circulation of the notices and posters regarding the health and baby week received from the Director of Public Health.

30. Birth rate and maternity relief.

(i) The number of births registered was 681 as against 609.649 and 557 in the three preceding years. The rate of births per mille of the population was 37.13 as against 33.20 and 35.4 and 30.4 in the three preceding years. One person was prosecuted for failure to report a birth.

(ii) In addition to the two municipal midwives eleven unqualified private midwives were practising their profession in the town. One of the municipal midwives was attending to hospital work and the other was looking after labour cases in the town.

(iii) The midwife entrusted with the out-door work attended to 220 labour cases or 32.3 per cent of the recorded births.

(iv) As per instructions contained in G.O. No.1113 L, dated 13-6-1916 the medical Officer endeavoured to start a weekly nursery class to train dhais but his attempts proved a failure. Even Dr. Mathias scheme detailed in G.O. No.345 L dated 5-3-17 could not be worked.

(v) There were in all 52 still births as against 32 and 15 in the previous two years. The infant mortality was 119 or 174.74 percentage per mille of the recorded births as against 206.89 in the previous year.

Health and Welfare associations etc.

No propoganda work was done under these heads. The services of volunteers were not forthcoming. The country still lacks disinterested public workers.

31. Death rate, Epidemic and Endemic diseases.

(i) The total number of deaths registered was 605. The corresponding figures for the past five years are as detailed below.

Periods.	Deaths.
1922-23.	933.
1921-22.	500.
1920-21.	441.
1919-20.	668.
1918-19.	973.

(ii) 72 died of fever as against 67 in the previous year. The rate per mille of deaths from fever works up to 119.00. Diarrhoea and Dysentry claimed 102 victims as against 60 in the previous year while the toll levied by Respiratory - disease was confined to one as against two in the previous year.

The rate per mille of deaths under Diarrhoea and Dysentry was 168.59 and under Respiratory disease 1.6 per cent. The illeterate masses are advised to cultivate cleanly and temporate habits as a precautionary measure against diseases.

(iii) The town was free from cholera.

(iv) Small-pox broke out in a mild form on 17-1-24 and subsided after taking away the lives of persons ; the number of attacks being 22. Re-vaccination was carried on ~~vegirously~~ vigorously as a preventive measure against small-pox . The vaccination work was done by a trained man. The total number of successful cases vaccinated under the heads primary and secondary vaccination was 795 as against 599,461 and 574 in the three preceding years. The percentage of vaccination per mille of the population was 43.73 as against 32.78 in the previous year. The number re-vaccinated was 64 of which only 7 were successful. The supply of lymph was as usual suspended for 4 months during the hot weather . The number of persons who were hauled up before a magistrate for failure to get their children vaccinated was 19 as against 22 in the previous year.

(v) Bubonic plague did not make its appearance in the year under report. The chif centers of infection in previous years were the lime kiln site in II ward, Kanchegarpet in V ward, and the Boyakeri in VI ward. These are highly congested blocks and are being carefully looked after. The destruction of rats by means of trapping and baiting was carried on through-out the year. No " Rat proff godowns" as per design referred to in Government memorandum No. 1566-1 L & M dated 9-10-19 have come into existence. The people are not yet alive to their usefulness.

(vi) Suitable sites for house building are available in Victoriapet in ward No. II, but they cannot be granted to applicants whose number is large as they are situated in the so-called malarial zone. My reference on the subject C.R.No. 96/22 dated 18-3-1924 is pending before Government.

(vii)No cases of " Hook-worm" had come to the notice of the Medical Officer.

(viii) No model By-laws have yet been adopted. They will be introduced gradually as their immediate adoption will entail unnecessary suffering on the people.

(Enclosue IV-C and D)

32. Sanitation.

(a) Conservancy.

(i) Public conservancy.

There are in all 20 latrines of which 16 are of the approved pattern and the remaining four are stone wall enclosures. The excreta is being removed on carts of the approved design and is trenched in the night-soil depot. After thorough desintegration it is being used as manure .The night-soil depot is one mile away from the municipal limits. The town sweepings were leased out for Rs 191-0-0 as against Rs 105-0-0 in the previous year subject to the condition that the bins should be regularly emptied every day. This stuff too is being used as manure. The house sullege is let into sink-pits. For new buildings the provision of sinkpits of approved pattern are being insisted on. The municipality owned three night-soil and three rubbish carts. There were in all 80 dustbins of which 49 are made of stone slabs fixed in the ground and 31 of corrogated iron sheets. Steps are being taken to increase the conservancy tools and plant. A special conservancy" Depreciation Fund " exists to which an addition of 10 per-cent of the total value of the tools and plant on hand is being added year ~~after~~ after year. The cost of replacing and renewing the conservancy tools and plant will be debited to this fund. It closing balance was Rs 351-14-5 and is shown in the annual account under " Deposits and advances account" The total expenditure on account of public conservancy was 5840-14-8 as against Rs 5746-13-6 in the previous year, while the receipts for the current year as compared with those of the previous year were 191-0-0 and 105 respectively.

The receipts and charges per head of population were 0-0-2 and 0-5-1 as against one and one-fourth pie and 0-5-0 respectively in the previous year.

Private conservancy.

(ii) The total receipts and charges under this head was Rs 1568-4-6 and Rs 1126-5-10 respectively. The corresponding figures for the previous year were Rs 1050-1-0 and Rs 892-12-4 This service has not only paid its way but left a surplus of Rs 441-14-8 as against Rs 157-4-8 in the previous year. The number of houses with latrines were 242 or the same as in the previous year. The percentage of houses thus served to the total number of houses in the municipality was 6.00 as against 6.15 in the previous year. As already stated the provision of latrine accomodation is being insisted on in cases of new constructions.

Enclosure IV-E.

(b) Food adultration etc.

(i) All hotels in the municipality are licensed subject to the condition of health and sanitation. Similarly the Diary produce , sweetmeat shops, places where floor articles are prepared and mutton and beaf stalls had been licensed.

(ii) The licensing conditions were mostly drafted on the lines of Dr. Turners' book on sanitation and were enforced.

(c) Dangerous and Offensive trades.

(i) Dangerous and Offensive trades were also licensed subject to such restrictions as were necessary to guard against nuisance, having in the view the density of population and the conveniences which they afford to the communities concerned. The sale of fish which was solely dried was prohibited in the dense parts of the town but allowed else-where. The places used for the storage and sale of cumbustable materials such as kerosine oil , match boxes etc were also licensed subject to the conditions of public health and safety. They were inspected periodically.

(ii) Annual licenses were granted reserving the right of revoking the same at any time for breach of condition or conditions. The conditions were mostly copied from Dr. Turners book on sanitation. The trades are controlled. The sanitary Inspector who is an experienced man is looking after them.

(d) Fairs and festivals.

(i) No fairs and festivals of any importance were held or celebrated . The carfestivals of Vadakaraya Swamy and Sannakki - Veerabhadra Swamy come up every year and are too insignificant to require notice. The out-siders that attend them may not be more than 250 in number. Necessary sanitary arrangements were made on these occasions.

(ii) No joint- committees were in existence.

(iii) The temples just mentioned are too poor to make any contribution from their funds. They derive no income from pilgrims.

(iv) The sanitary arrangements made at the two carfestivals were satisfactory.

33. Water supply.

(a) The system of piped or protected water supply was not in existence. People obtain their supplies from draw wells whose number is pretty large.

(Enclosure IV-F,G.)

34. Drainage.

The council cannot at present go in ~~in~~ for a drainage scheme. Their slender resources do not permit the underteking of it. They may not be able to discharge a loan contracted on that account.

Public Health Miscellaneous.

35 Public Health and safety(Miscellaneous)

Veterinary Institution.

(i) The Council maintained no such institution during the year under report. The Government veternary hospital is situated within municipal limits.

(ii) Meaures taken for fire protection.

No staff for the purpose is employed by the Council.

(iii) Medical inspection of school children.

In the year 1922-23, 269 boys of the municipal high school were examined and the Medical Officer was paid a remuneration of Rs 201-12-0. Nothing was spent during the year under report.

Annexure 6. 36. Financial Summary Remunerative Enterprises

Heads	Total Expenditure	Income: Service receipts	Income: Loans	Difference (total of col. 3 & 4 minus col. 2.)

— do — 1921-22	178.3.6	4275.9.3	-	+ 4097.5.9

36. (i) The development of remunerative enterprises is not called for at present. If undertaken they will not prove paying concerns.

37. Transport.

There were no motor bus services or any other enterprise of the kind.

38. Markets, Slaughter houses, cart-stands and pounds.

Years	Gross Ordinary receipts from				
	Markets	cart-stands	slaughter-houses	Tree-planting	pound
1923-24	1716-0-4	-	230-8-0	87-5-0	
1922-23	1807-12-1	-	231-4-5	65-15-0	
1921-22	1955-10-2	-	371-5-10	29- 2-0	
1920-21	1838-13-6	-	725-4-11	63-6-0	
1919-20	1711-5-4	-	827-4-9	-	

(a) Markets.

There were two weekly markets one at Hospet and the other at Chittawadigi with 4 and 2 stalls respectively. There was also a daily vegetable market situated in the heart of town ~~wi~~ ~~txx~~ with 2 stalls.

(ii) The gross receipts amounted to Rs 1716-0-4 of which Rs 1563-9-3 was spent in constructing stalls for the daily vegetable market. The surplus of Rs 153-7-1 was merged into the balance under the " General account ".

(iii) Improvements.

The weekly market at Hospet is badly in need of improvement. The stalls require repairs. A compound wall is a great desideratum. These requirements will be met in the current year. Proceedings for the acquisition of the necessary site for the extension of the daily vegetable market have been set on foot. Government notification is awaited.

(iv) No private markets are in existence.

(Enclosure V-A.)

(b) Cart-stands.

The Municipality does not at present own a cart-stand. A site for it has been selected and application for its acquisition forwarded to the Revenue department.

(c) Slaughter houses.

(i) There were two public slaughter houses, one for sheep and the other for cattle. The receipts and charges during the year 1923-24 amounted to Rs 230-8-0 and Rs 175-0-0 respectively. The corresponding figures for the previous year were Rs 231-4-5 and 388-2-4.

(ii) There were no private slaughter houses.

(Enclosure V-B.)

39. Tree planting.

No trees were newly planted. A sum of Rs 87-5-0 was realized from the sale of the tamarind usufruct.

Future policy.

No attempt was made to improve the avenues as there was water difficulty on account of a sucession of bad seasons. Shady and fruit trees will be planted as soon as the present condition undergo a change for the better.

40. Land development.

(i) A town planning committee is in existence but there was no scope for its activities. The town is still highly congested. The worst localities are.

1. Lime kiln site in II ward.
2. Cowlpet kurubarkeri in III ward.
3. Kanchagarpet in V ward.
4. Boyakeri and the fort in VI ward.

No attempt to remove congestion will be made until the Council can provide sites for building new houses. The matter about this is under correspondence with Government vide my letter reference on C.R. No.96/22 dated 18-3-24.

(ii) The town has not been surveyed after the constitu-tion of the municipality. A survey after the removal of a fair amount of congestion will be useful as furnishing a correct record of the existing conditions of streets etc. The assis-tance of boy-scouts will be availed of when necessary. (G.O. No.8284-M dated 17-9-20) Steps will be taken to carry out the civic survey on the lines laid down in G.O. No.1748P.H. dated 18-12-1922.

Not available (N)

(iii) and (iv) A town extension scheme costing Rs 35000/-

The reference on the subject was recorded by Government in it its G.O. No.1723 P.H. dated 17-10-23 as suggested by the Town Planning Officer.

Not available

(v) Building sites are ordinarily disposed of on the assignment system. Government sites are now being sold by public auction. They fetch good prices.

(b) Other land exploitation.

(i) Temporary licenses for the occupation of road -margins by erection of temporary pendals etc are issued without inconvenience to traffic. Unobjectionable encroachments on the railway feeder road and trunk road were relinquished by the council and were assigned away by Government on payment of ground rent.

(ii) There were in all 34 encroachment cases. In 10 the encroachers were prosecuted . No warrants were issued for recovery of the cost of the sites. Notices were issued in 14 cases and the encroachments were removed. The encroachments removed departmentally were 8 as against 4 in the previous year. The number of encroachments pending removal were 2 as against 5 in the previous year.

41. Pounds.

There are no pounds under municipal management.

Vi. General Revenue.

42. Revenue account.

The property tax was levied at 10 percent of the rental value. The lands which are solely used for agricultural purposes and which are not appurtenant to or covered by any building or buildings were assessed at 0-4-0 for 80 sq.yds under section 84(d) of Act V of 1920. The profession and

companies taxes were levied at the schedule rates. The taxes on animals and carriages were also levied at the schedule rates exception having been made in the following cases. The special rates fixed are as shown against them.

1. Cart	Rs 4-0-0	per year.
2. Bull	Rs 0-8-0	Per year.
3. Male buffaloe	Rs 0-8-0	per year.
4. pig	Rs 0-2-0	per year.
5. goat	Rs 0-4-0	per year.

The tolls, warrant and distraint fees were also charged at the schedule rates.

The income derived from the property tax was Rs 16564-11-3 as against Rs 14969-1-7 and Rs 10387-1-5 in the two previous years. The increase was due to the timlely revision of taxes and the fixing of assessments on improved and new buildings. 35 revisions petitions were received during the year under report and all of them were disposed of before 31-3-24. In 9 cases the assessments were confirmed and in 13 cases they were either modified or reduced. 13 petitions were rejected . The profession tax yielded Rs 3348-0-0 as against 2672-8-0 and 2094-0-0 in the year 1922-23 and 1921-22 respectively. 74 appeals were received and 50 disposed of leaving a pendency of 24 at the

end of the year. Of the 50 appeals disposed of one resulted in an increase in assessment and in 23 cases the assessments were confirmed and in 27 cases they were either reduced and remitted. A sum of Rs 330-0-0 was realized under companies tax as against 485-0-0 in the previous year. There was only one appeal and it was disposed of before the close of the year. The warrant and distraint fees collected during the year under report was Rs 301-10-0 as against Rs 122-8-0 and Rs 152-0-0 in the previous years. The collections from fees fines, and forfeiture were 998-12-4 while those under lapsed deposits were 49-8-5. The gross receipts under taxation were Rs 21592-10-0 as against Rs 18891-7-7 and 13888-15-10 in the previous years.

The opening balance under "A" General account" was Rs21539-15-9 and the credits under ordinary and capital items were Rs-Rs 52693-14-1 and Rs 1666-12-0 respectively.

The debits under the respective heads were 40378-2-7 and Rs 5384-5-3. The total amount appropriated to meet the cost of elementary education was Rs 3178-13-4.

" The General account" closed with a balance of Rs 27479-5-6 or Rs 5939-5-9 more than in the previous year. A sum of Rs 5000-0-0 was invested in the cooperative central Bank Hospet. The actual closing balance in cash in the treasury was Rs 22479-5-6. A sum of Rs 1650-3-6 was spent on the collection staff and other contingencies during the year under report. This sum represents 7.64 ~~in the previous year~~ percent of the gross revenue from taxation as against 14.65 in the previous year.

43 Incidence.

The aggregate demand under all taxes excluding taxes on carriages, animals, and carts was Rs 17396-12-0 as against Rs 16884-5-2 in the previous year. There was thus an increase in the incidence of taxation per head of population from 0-14-2 to 0-15-2 while the presidency average for the year 1922-23 was Rs 2-0-4. The total number of houses assessed to tax was 4027, while the total area of the land assessed was 1250 acres 78 cents. The corresponding figures for the previous year were 3985 houses and 1250 acres and 78 cents of land . The incidence of tax per house was 3-3-2 and that of land per acre 0-15-7. The corresponding figures for the previous year were 4-7-10 and 1-11-0. The incidence of aggregate " property" works upto Rs 4-2-9 as against 6-2-10 in the previous year.

The incidence of profession tax assessed was 3-6-0 as against Rs 4-1-2 in the previous year. The total number of persons assessed under this head was 890 or 4.85 percent of the total population. The figures for the previous year are 814 persons and 4.43 per cent.

The incidence of income per head of population excluding Government grants was Rs 2-12-1 including Government grants etc was 3-5-11.

(Enclosure VI-C.)

44. Demand collection and balance.

The demand for the year under taxation items was Rs 29347-6-4 of which Rs 26811-7-10 was either collected or remitted leaving a balance of Rs 2535-14-6 on 31-3-24.

The corresponding figures for the previous year were

Rs 30523-13-5 (Demand) Rs 22692-3-7 (Collections) and Rs 6365-11-8 respectively (Balance)

Of the balance of Rs 2535-14-6 that remained on 31-3-24 a further sum of Rs 831-1-3 was since ~~been~~ collected and Rs 302-15-11 remitted as irrecqverable thus reducing it to Rs 1401-13-4 or 4.7 percent of the demand of Rs 29347-6-4. The demand under non-taxation items was 13080-5-6 of which Rs 12653-12-2 was either collected or remitted leaving a balance of Rs 426-9-2 or 3.26 percent of the demand on 31-3-24 This sum was subsequently reduced to Rs 292-11-6 or 2.24 percent of the demand. The total demand under tax and non-taxation resources for the year was Rs 42427-11-8 as against Rs 43204-13-9 in the previous year. The balance pending realization on 31-3-24 was Rs 2962-7-8 or 6.8 percent which was since reduced to Rs 1694-8-11 representing 3.99 percent of the total demand. The collection work during the year may be stated to be satisfactory. 1027 warrants for the recovery of the previous year's tax were pending execution and 280 warrants were issued during the year. Of these 815 were executed and the tax remitted in 63 cases . Thus the balance pending execution was 429 or 32.8 percent of the demand and this number was further reduced to 290. In 186 cases distraints were made . In 13 cases the property seized was sold in public auction. 57 persons were prosecuted for nonpayment of tax. The balance pending realization are due mostly from the poor and are being collected with much effort.

VII-A. Cash transactions.

45. Cash transactions.

(i). The year under report opened with a balance of Rs 25755-7-2. The credits and debits amounted to Rs 61862-8-10 and Rs 57361-5-6 respectively. The year closed with a cash balance of Rs 25256-10-6. This is ~~the~~ exclusive of Rs 5000-0-0 deposited in the cooperative central Bank Hospet.

(ii) All taxable sources have been tapped at rates which may be deemed to be some what high for a town of the size of Hospet. No cases of withdrawals on the treasury occured.

(Enclosure. VII-A.)

46. Ordinary resources.

The total ordinary expenditure on the General account was Rs 40378-2-7 as against Rs 41229-13-1 in the previous year. Of this Rs 9408 or 23.2 per cent came from Government Grants and the rest from receipts.

47. Capital Expenditure.

An aggregate sum of Rs 5384-5-3 was spent as capital expenditure. Of this Rs 1949-0-0 or 36.2 was met from Grants a and the rest was charged to the General acoount.

48. Debts..

The municipality contracted no debts up till now.

49. Investments.

The account commenced with an opening balance of Rs 4653-4-10 and a sum of Rs 8167-1-0 was invested during the year. The withdrawals amounted to Rs 2543-13-6. It closed on 31-3-24 with a balance of Rs 10276-8-4.

(Enclosure. VII-B.)

50. Depriciation.

As stated in para 32 supra a depriciation fund was formed and maintained.

51. Audit.

The annual accounts for 1923-24 have recently been audit-ed and the audit report is awaited. The results of the audit for 1921-22 and 1922-23 were pronounced to be satisfactory. There were no cases of surcharge.

52. Assets and liabilities.

The total assets of the municipality were Rs 121607-10-10 while the liabilities amounted to Rs 8106-11-10. No bills were pending payment on 31-3-24.

53. General remarks.

230 prosecutions were instituted as against 330 in the previous year. Of these 73 were instituted for failure to take out licenses, 57 for non-payment of taxes , 19 for failure to get children vaccinated, 1 for failure to give information of a birth, 1 for committing nuisance and 69 for other offences.

The bulk of the population are agriculturists. Site for the deposit of manure were acquired all round the town and the people are being pressed to make use of them.

The two cooperrative societies viz, one for the sole benefit of conservancy menials and the other for benefit of other municipal servants were working satisfactorily. Their audit for the year ending 30-6-23 was conducted with satisfactory results. The advantage of these societies are being much appricated by the members especially the menials.

Hospet Municipal Office.
Dated, 22-7-1924.

Hoshiarpur Municipality.

ADMINISTRATION REPORT

PART II.—STATISTICAL ENCLOSURES.

1923-24.

GENERAL INSTRUCTIONS.

1. Financial figures should be rounded off to the nearest rupee.

2. In calculating the population of rural areas for local fund purposes, the population of Municipal areas should be excluded.

3. 'Annual figures,' where they have to be given for more than one year, should be entered in descending order, the latest year first and the earliest year last.

4. Figures for the years other than that under report should be written in red ink.

5. Financial summaries for local boards should be posted in printed forms only, additional forms being obtained from the Superintendent, Government Press.

6. Where the printed form is found insufficient for other than financial summaries, additional sheets neatly ruled should be attached.

Memorandum No. 21434—1 Ldm 9—24.9.2

The following points are noticed in the administration report of the Hospet Municipality for 1923-24 and in the statements submitted with it :-

(1) The total service receipts in 1923-24 shown in column 3 of the financial summary in para 6 of the report include the income under 'General taxation and Miscellaneous revenue'. They should properly exclude it and be shown as only Rs.168/5/7.

(2) In column 9 of statement IV-B only the total number of births attended by qualified midwives should have been given. The figure '681' should therefore be corrected into '220'.

(3) In column 12 of statement IV-C the death rate per mille for 1923-24 is given as 690 instead of 32.9.

(4) In statement VII-F showing the finances under the General Account the receipts under 'taxation and miscellaneous revenue' in 1922-23 and 1923-24 are shown as Rs.59660/8/0 and Rs.52693/14/1 respectively instead of Rs.30106/7/7 and Rs.21529/8/3 according to the Comparative Annual Account. The receipts under the General Account have not been

2

correctly classified ~~in accordance with~~ under

items 1 & 4.

(5) The collections shown in the D.C.B statement do not agree with the receipts shown in the account proper under the following heads :- ₹.32 of receipts.

	D.C.B.	Account	
	Rs	Rs	
License fees ...	1735/4/11	1766/8/5	₹ 8 of accts
Fees for fairs ...	63/8/6	32/5/0	₹ 16 of accts.

2. Necessary corrections have been made with reference to clauses (1) to (4) above. The Chairman is requested to explain the discrepancy noticed in clause (5) at an early date.

The Council spent upon its 2. miles of trunk road a.1965 against a.2016 in the previous year. Expenditure on other roads rose fro. a.1943 to a.2356 but represented only 45 per cent of the net toll revenue. The allotment might have been more liberal as the general condition of the roads still leaves much to be desired.

Para 9(a) on p 8 of report

The Council should pay more attention to them during the current year. The number of lights remained the same but their cost fell from a.1859 to a.1754 owing to economical management.

State II D.

Lighting

II - Education Management.

2. According to the statistics furnished 64 per cent of the boys and 86 per cent of the girls of school age have yet to be provided with elementary education. Steps should be taken to bring more pupils under instruction. The Council maintains 16 schools for boys but only a sixth of the pupils in the town attends these schools and for girls, 3 schools for boys and 2 for girls.

States III A & III B

para 15 p 13.

The Council maintained one school but only a sixth of the pupils in the town attended these schools

two night schools for weavers and labourers

The

The strength in the boys schools slightly declined but there was an appreciable improvement in their attendance. In the case of the Girls' schools on the other hand ~~had a somewhat higher~~ the strength showed some increase but there was a decline in ~~their~~ attendance ~~at them deserved~~ ~~fell~~. Only one school taught beyond class IV and 70 per cent of the pupils remained in classes I and II. ~~The Council owned four buildings and hired six on rent~~. Six of the schools were accommodated in rented buildings. The ~~rent paid was rather abnormal and it~~ Council should consider the desirability of providing its own school houses.

Statts III C & III D.

Statts III E & III F

Statt III H

3. The strength of the secondary department in the municipal high school rose from 177 to 207. Of these, as many as 53 came from the backward classes. ~~16~~ Eighteen pupils appeared for the S.S.L.C Examination but only 6 qualified for a university course.

p 16 of report.

III - Public Health

4. The number of outpatients treated at the municipal hospital fell from 13807 to 12240. There was however a satisfactory improvement in the attendance of inpatients which rose from 87 to 225 of whom about two-thirds came from outside municipal limits.

Statt IV A.

5. The birth-rate recorded was 37 per mille against a death rate of 33 per mille. Infant mortality showed a welcome decline from 207 to 175 per mille. Only one of the two municipal midwives was able to attend to labour cases in the town. ~~Her outturn during~~

Statt IV B

22 of report

Statt IV B.

Her outturn during the year rose from 168 to 220 covering nearly a third of the recorded births. This is ~~no doubt~~ a fair record for ~~one single~~ midwife, but ~~still~~ there were nevertheless many confinements unattended by her ~~which had to go without proper aid.~~

Statt. IV C

6. Public Health was much better than in the previous year. There were no deaths from Cholera and Plague, ~~but~~ while smallpox claimed 12 victims. Vaccination improved, the rate of successful vaccination rising from 33 to 44 per mille.

Statt IV D.

7. House conservancy arrangements continued to be unsatisfactory, the number of houses conserved remaining the same as in the previous year in spite of an increase of 42 in the total number of houses. Only 6 per cent of the houses in the town are provided with latrines. The Chairman should strictly enforce the provisions of section 146 of the act and compel owners of houses to build latrines.

Statt. IV E.

8. The town has no protected water supply.

para 33 of report

IV - Remunerative Enterprises

9. ~~The revenue from markets again declined.~~ Conservancy receipts and charges The figures for the last three years are subjoined :-

p 28 of report

	Receipts				Charges.			
	Markets. Rs	Cartstands Rs	Slaughter houses. Rs	Toll plaukis Rs	Markets Rs	Cartstands Rs	Slaughter houses Rs	Toll plaukis Rs
1923-24.	1716	-	230.	84.	-	-	175	-
1922—23.	1808	-	281.	69.	-	-	388	-
1921—22.	1956	-	371.	29	-	-	166.	-

The council maintained a daily market two weekly markets and two slaughterhouses. The revenue from markets again declined.

In the absence of private competition the Council should have been able to realise a larger revenue from these institutions. ~~but it evidently lacks enthusiasm~~. The extension of the daily market and the opening of a cartstand are engaging the attention of the Council

p 28 of report

V - Finance.

10. There was an improvement in collection work. Only 9 per-cent of the demand under taxes and 3 per cent of that under other items remained ~~to be realised~~ uncollected against 21 and 7 per cent respectively in the previous year. The Council's finances continued to be satisfactory and its transactions under the General Account during the year are exhibited in the annexure to this order.

Statt. VI D.

VI - General

11. Only one of the four elections held during the year was contested. At this election 3 candidates ~~competed~~ competed and 58 per cent of the voters took part. ~~The electorate has yet to develop its sense of civic responsibility.~~ The Council held in all 14 meetings ~~two~~ two of which were

Statt I B

Statt I

were adjourned for want of a quorum. Attendance at these meetings fell from 71 to 64 per cent of the sanctioned strength. The councillors should take greater interest in municipal affairs. Three standing and two ad-hoc committees were formed during the year. A Joint Committee constituted in June 1922 finished its labours in June 1923.

Abstract.

Administration report of the Hospet Municipality for the year 1923-24.

R.Dis, No. 98 /1924. Hospet Municipal Office.

Enclosures 2. Dated, the 31st, October 1924.

From,

M.R.Ry, B. Sreenivasa Rao Garu,

Vice-Chairman, Municipal Council,

Hospet.

To, The Secretary to Government

Local self Government Department.

Madras.

Sir,

In continuation of my letter No.S.C.61/24 dated 21-7-24, I have the honour to forward herewith the two printed copies of the administration report of this Municipality for the Year 1923-24.

I have the honour

sir,

Your most obedient servant,

Vice-Chairman, M.C.

Administration Report for the Year 1923-24: Hospet Municipality.

THE REPORT PROPER.

Constitution and Management.

1. JURISDICTION:—

[i] There have been no changes in the Jurisdiction of the Municipality since its constitution in 1913. For purposes of Administration the Municipality is divided into six Wards on the principles laid down in G. O. No. 1313, M. dated 5-9-1919 and they are as follow :—

I Ward, Chitawadigi	IV Ward, Main Bazaar
II Ward, Victoriapet	V Ward, Devangapet
III Ward, Cowlpet	VI Ward, Boyakeri

[ii] This system has greatly facilitated the work of the Municipality and resulted in the division of labour which adds to the convenience of the administration.

2. PERSONAL:—

(a) The Council.

[i] The sanctioned strength of the Council was sixteen as in the previous year. The proportion of elective seats viz. three-fourths remained unaltered. This is the minimum prescribed in Section 7 [2] of the Act.

[ii] No Officials were Ex-Officio Councillors or appointed as such.

[iii] Of the twelve Elected Councillors 3 are Brahmins, 1 Lingayat, 2 Devangas, 3 Vaisyas, 1 Vellala, 1 Naidu & 1 Ediga. Of these the Ediga Councillor represents a back-ward class. The four Nominated Councillors who were on the Council in the previous year vacated their seats on 24-3-1924 by efflux of time and fresh nominations were notified in the Fort-Saint George Gazette on 27-5-1924.

Particulars of their caste etc., are as under :—

Names	Caste
Janab Vellur Mastan Sahib Bahadur,	Muhammadan.
M. R. Ry, Moses Yesudasayya Garu	Indian-Christian.
M. R. Ry, Banda Mari Hulugappa Garu,	Boya.
M. R. Ry. Mochi Parasappa Garu,	Mochi. [Shoo-maker.]

B. DIRECTING OFFICERS

(i) Chairman.

The Council is presided over by an Elected Chairman, who is an Honorary Non-Official. There was no change in the Office of the Chairmanship during the year under report. M. R. Ry, Dewan Bahadur, T. Kothandaram Naidu Garu was the Chairman.

(ii) Vice-Chairman.

The Council elected M. R. Ry, B. Sreenivasa Rao Garu as its Vice-Chairman on 15-12-1922 and he continued to work as such throughout the year 1923-24.

[iii] The elections of the Chairman and the Vice-Chairman were held on 11-11-21 and 15-12-22 respectively and both the seats were contested there being 2 candidates for each.

[iv] There is no Secretary. The Manager is the head Ministerial Officer who attends to the Office work. The executive work is being done by the Chairman himself.

3. Elections.

[i] Under the existing franchise the electorate is wide enough though the electors are still uneducated. They nevertheless evinced a good deal of interest in the elections. 193 voters were present at the poll on 25 9 23 the election day, which number represents 58-23 per-cent of the total number of electors.

[ii] Four Councillors had to be elected during the year under report of whom three were returned uncontested. For the fourth a poll was taken. Three candidates contested the seat. The total cost including that of the preparation of Electoral rolls amounted to Rs. 100.

(iii) There were no election disputes at all.

Enclosure I-B

4 Meetings

(i) Generally the Council's meetings were held once a month. The attendance of Members was fairly good. The average per-centage of Members present was 63.96 as against 71.11 in the previous year. Fourteen meetings in all were held and two were adjourned for want of a quorum.

(ii) The business at each meeting was promptly attended to, and all the subjects entered in the agenda were disposed of. No meeting was adjourned for want of time or owing to the prolongation of the sitting.

(iii) The Council's procedure was regulated as per rules in the Schedule III of the Act V of 1920.

Enclosure I-C.

5 Committees

(i) The Council appointed three Standing Committees viz.

1 Educational
2 Public Health
and 3 Public Works

(ii) Two Ad-hoc Committees were formed during the year under report.

(iii) No Ward-Committees were appointed

(iv) A Joint-Committee was constituted in June 1922 to decide the payment of the share of the toll revenue to the Bellary District Board It met at Bellary on 25-6-23 and decided that the Municipality should pay one-fourth of the gross income derived from tolls

The realizations under animals, Vehicle and carriage amounted to Rs. 6154-3-0 as against Rs. 4675-4-0, Rs 4675-12-0 and 4359-1-0 in the preceding three years. The total service receipts under communications were Rs. 11734-12-9 as against 10502 4-2 in 1922-23 and Rs. 11742-8-6 in 1921-22.

8. Establishment

There is a Sub-Overseer on Rs. 40-1-65 [annual] with a cycle allowance of Rs 5 a month. He is competent though unqualified. He attends to the execution and supervision of Public Works. A Peon on Rs. 10-1-15 [annual] is allowed to work under him. The Sub-Overseer is looking after the avenues.

9. Roads, Bridges, Ferries & Buildings.

(a) ROADS.

The Madras-Bombay trunk road is treated as a " First class road " while the communications leading to Kamalapur and Ramandrug are classified as " Second class roads". The remaining ones come under the category of " third class roads" This classification was made with the consent of the District Board. The Main-Bazaar Street forms part of the trunk road and is the most important one. The trunk road is the principle thorough-fare. It is 2 miles & 2 furlongs in length and lies within Municipal limits. An aggregate sum of Rs. 1965-4-0 was spent on its maintenance as against Rs. 2016-2-8 in the previous year

(ii) The metal used is picked up in the fields in the outskirts of the town. It is good and suitable. The longest and shortest leads of the gravel quarries are 1 mile 5 furlongs and 1 mile 2 furlongs respectively while the leads for the metal quarries are 2 miles 5 furlongs and 2 miles and 3 furlongs. There was no need for resorting to the Railway for transit of road materials.

(iii) The condition of the Trunk road was good. That of the Kamalapur and the Railway feeder roads was fair. The Chittawadigi road was bad. The condition of the other roads was passable. Absence of rain and the consequent water difficulty were in our way. The Chittawadigi road will be metalled through out in the current year. The traffic on it is heavy. The width of the Main Bazaar Street varies from 31 to 70 feet. The Shop-keepers on either side of it are temporarily permitted to occupy the road margins on every Saturday which is a Market day on payment of fees as fixed by the Council and subject to certain restrictions against obstruction to traffic

(iv) The gross and net revenue derived from tools was Rs 6907-2-5 and Rs. 5435-8-9 respectively as against Rs, 6545 0-8 and 5729-4-8 in the previous year. The total expenditure on roads including that on the trunk road was Rs, 4320—13—4 as against Rs, 3958—14—5 in the previous year. The per-centage being 79.5 as against 69.10 in the Previous year. Excluding the expenditure on the trunk road the outlay on roads bears a per-centage of 43.34 to the net toll revenue. A sum Rs. 1965—4—0 was advanced from Municipal funds for repairing and maintaining the trunk road. Of this sum only Rs 1634-0-0 was paid by Government in G. O. No. 2093 L & M dated 22-9-23 and the balance is still due from Provincial funds, Rs. 379-11-9 and 1975-13-7 was spent on the maintenance of second and third class roads as against Rs, 238-8-7, and 1704-3-7 respectively in the previous year. The total cost of maintenance per mile amounted to Rs, 369-1-4 as compared with Rs, 339-14-2 in the previous year. Out of its toll income the Council paid to the Bellary District Board Rs 1471-9-8 as Local Fund share as against Rs, 815-12-0 in the previous year The per centage of expenditure of Budget allotment was 92 as against 92.07 in the previous year.

Enclosure II-A

(b) Bridges, Cause-ways and Culverts.

MAJOR WORKS :—

(i) No Major works were undertaken during the year under report.

MINOR WORKS :—

(ii) Some Culverts were widened and repaired at a cost of Rs. 100. This item of expenditure was included in the maintenance charges of the respective roads.

CAPITAL WORKS :—

(iii) No expenditure was incurred on the construction of new bridges or Cause-ways

(c) Ferries.

There were no ferries.

(d. Departmental Buildings

No work of importance was undertaken.

10. Rest houses Choultries and Water-sheds :—

[a] *Rest houses.*

[i] and [ii] No Rest houses are under Municipal control.

[b] *Choultries and Water-sheds*

[i]. The Council is maintaining a Choultry. It provides accommodation for all classes of persons. Travellers are allowed to occupy a room on payment of a daily fee of Rs. 0-4-0

No new Choultries were constructed. There are no Water-sheds, there being no necessity for them.

[ii] The income derived from Choultry fees amounted to Rs. 144-12-0 as against Rs. 95-2-0 and Rs 144-12-0 in the two preceding years. The charges for maintaining the Choultry aggregated to Rs. 120-0-0 as against 147-9-3 and Rs, 130-0-3 in the years 1922-23 and 1921-22 respectively. There are no endowments. No free-feeding of travellers was undertaken.

Enclosure II-C

11 Tools Plant and Stores

[i]. Petty repairs to certain Public Works tools were done and the expenditure theefor was debited to the respective works,—

[ii]. No new or important plants were purchased during the year under report.

12—Lighting

As in the previous year the same number of lights i. e. 132 continued to be lit. The total cost of maintaining lights fell from Rs. 1859—1—10 to Rs. 1733—12—10 during the year under report. The average cost per light was Rs, 14-1-4 in the previous year and was reduced to Rs. 13-2-2 in the year under report. The decrease is due to the economical management and to the easier price of oil. There were in all six cases of thefts of lighting materials as against nine in the previous year. None of the offenders were brought to book by the Police to whom the occurrences had been reported promptly. The Council has sanctioned six additional lamps for the year 1924-25 and the posts are being got up.—

SPECIAL SCHEMES.

The Council is not in a position to undertake any special scheme for lighting such as the electric installation and the putting up of high power lamps. No private person has come forward to undertake one or the other as a paying concern.

ELEMENTARY EDUCATION.

14. Adequacy of Education facilities

[i]. The number of Boys of School going age [up to 15 years of age] is 2344 while that of the Girls [up to 10 years] is 1225. This Standard has been approved by Government in G. O, No. 208 Law dated 21-2-22. The number of Boys and Girls whose education is yet to be provided for is 1493 and 1055 respectively or 63.69 and 86.12 per-cent of the total numbers. The number of Schools was 15 for Boys and two for Girls as in the previous year. The average number of Boys in all the Schools during the year under report rose from 829 to 851 while that of Girls from 169 to 170

[ii]. The total number of Boys and Girls attending Municipal Schools was 365 and 100 as against 305 and 145 respectively in the previous year. The per-centage of the total number of Boys of School age in all Municipal Schools to their total number within Municipal limits was 42.89 while that of the Girls was 53.82.

[iii]. None of the Children living outside Municipal limits attended the Municipal Schools.

Enclosure III-A & B

15 Strength and Efficiency

There were in all twelve Elementary Schools under the management of the Council. The strength of Boys Schools was 430 as against 454 in the previous year. The per-centage of attendance was 80.00 as against 76.02 in the previous year. The strength and per-centage of the daily attendance of Girls Schools were 171 and 67 83 as against 155 and 70.96 respectively in the previous year. The Municipality runs an Elementary School for the sole use of the Panchama Children. Panchamas seeking admission are allowed to join other public Schools but as yet only two Girls belonging to Adi-dravida community are among the Pupils of the Municipal Hindu Girls School. They were admitted during the year under report. None of them got into the Boys Schools.

Enclosure C. to F.

16 Staff

Twenty one Teachers were employed in the Schools, of these three are untrained. The proportion of trained to untrained Teachers was 14.28. The two night Schools opened for the benefit of Weavers and Labourers are managed by the teachers employed in the Day Schools and each of them were allowed a remuneration of Rs. 7-8-0 a month. The scale of salaries sanctioned for the various grades of teachers is as follows —

	Trained	Untrained
Males ...	Rs. 12 plus 6 a month	Rs. 10 plus 5
Females ...	,, 13 plus 6½ a month	,, 10 plus 5

The Teachers holding substantive appointments are allowed to enjoy the benefits fo the Municipal Provident Fund. A compensatory allowance of Rs. 2 a month is paid to such of the teachers who have sustained loss on account of the abolition of the capitation allowance from 1-4-1923 The Headmaster of the Municipal Hindu Elementary School and the Headmistress of the Municipal Hindu Girls School hold pensionable posts. The number of trained teachers empoyed is an index of the efficiency of the staff. The number of Pupils per teacher was 29, while his average salary was 237-13-11 a year.

Enclosure III-G

17 Accommodation and Equipment.

The Council owned four buildings and hired six on rent Rs. 1-12-0. was spent on the maintenance of the former, while the rent paid for the latter amounted to Rs. 393-2-5 as against Rs. 232 in the previous year. So far as the free play of air and light is concerned the School houses may be said to be satisfactory on the whole. Each of the Hindu Girls School and the Panchama School has got attached to it an open ground for purposes of play. Rs. 1405-15-5 was spent on the construction of the Devangapet School house. It was occupied on 17-7-23.

Enclosure III-H

18 Elementary Education Fund—

[i] The Total expenditure on Elementary Education was Rs. 6199-2-3 as against Rs. 5532-9-8 and Rs. 4397-2-7 in the two preceding years. 2070-13-11 or 33.40 per-cent of it was met from General Funds, Rs. 27-4-4 or 0. 43 per-cent was appropriated from service receipts and the balance of Rs 4101-0-0 or 66.3 per-cent was charged to Government Grants account. Nothing was left as closing balance under this account.

[ii] The cost of the Elementary Education per head of Pupil was Rs. 10-4-4 as against Rs. 12-3-3 and 9-9-7 in the two preceding years.

[iii] The Council's relations with the District Educational Council were cordial and and harmonius.

Enclosure III-I

II SECONDARY EDUCATION

19 Adequacy and Strength

[i] The Municipality is running a complete Secondary School since 1922–23. This is the only Institution of the kind in existence

[ii] The highest form in the said School is the 6th Form which was opened in 1922—23.

[iii] The total strength of the Secondary Department of the School was 207 or 30 more than in the previous year.

Enclosure III-J

20. Efficiency.

[i] The average strength of the School was 308 as against 187 in the previous year, while the average attendance was 299 or 97 per-cent of the average strength.

[ii] The strength of the highest or the VI Form was 18 or 8.69 per-cent of the total strength of the School in the Secondary Department.—Particulars regarding the other forms are as detailed below —

Form	Strength	Per-centage to strength of Secondary Department
V	25	12.07
IV	41	19.85
III	33	15.94
II	43	20.77
I	47	22.75

The strength of the Elementary Department of the School was 93 Boys and one Girl or 14 more than in the previous year.

[iii] The number of non-residents receiving the benefits of Education in the Secondary School was

[iv] The number of Girls in the Secondary Department of the School was nil, while that of Boys belonging to the backward classes was 53 as against 42 in the previous year,

[v] Eighteen Students in the VI Form appeared for the S. S. L. C. examination of whom six obtained eligibility certificates. The working of the School was well spoken by the Educational Officers

Enclosure III-K

21 *Staff.*

Seventeen teachers, one Clerk and two Peons were employed during the year under report. Of those seventeen teachers, ten are in the permanent cader, one acting in the place of a permanent incumbent now working in the temporary section and six are in the temporary section. The increase in the strength of the lower Forms and Standards necessitated the division of some of them and the entertainment therefor of some temporary hands. The Headmaster who is a Mathematics B, A, L, T, and the History Assistant who is also a B, A, L, T, are experienced men and are paid Rs, 150

and Rs 100 a month respectively. The Science assistant was also a B. A. L. T. and was paid Rs. 100 a month. The appointment is now vacant. The Teachers employed in the lower forms and classes are trained and efficient to discharge the duties required of them The Telugu Pandit who holds a pensionable post attached to the Middle School was on leave for one year from 17-7-22. He returned to duty on 17-7-23 but was ordered to work in the temporary section as he was not quite fit to discharge the duties of Telugu Pandit and the acting incumbent formerly working in his place was allowed to continue on the maximum salary of Rs. 40 a month he being a trained and otherwise qualified Vidwan. The former will complete his service on 12-9-25 and will be retired at once. All the permanent Teachers including the School Clerk were allowed the previlege of subscribing to the Municipal Provident fund.

In consideration of the steady increase in the School-strength and the continuance of the temporary section, the Council on the recommendation of the District Educational Officer made the temporary section permanent and sanctioned the entertainment of a Mathematics B. A. L T. in the place of a raw Semi-graduate working in the temporary section, of a commercial Instructor and of a Canarese Pandit.

22. Accommodation and Equipment.

The present School-house even with the addition of the old Sub-Magistrate's Court is quiet insufficient for the purposes of a high School. The question of providing additional accommodation is engaging the attention of the council and the Educational authorities. The necessary estimates are under preparation. A sum of Rs. 1392-5-6 was spent under Repairs and Renewals to Equipment and furniture etc. and Rs. 107-12-0 under Capital expenditure. Rs. 88-15-6 was spent for repairing the School building. The ventilation of the School house is satisfactory.

(ii) Adequate provision was made for Physical culture. Besides the usual School Gymnasium, the School commands a Foot-ball, Badminton, Hockey and Cricket teams. The receipts from games fee and the layout on Sports materials were Rs. 500-12-0 and Rs. 151-10-0 respectively during the year under report. The School has an extensive play ground which is about two furlongs away from it.

(iii) No Hostles are attached to the School. Want of funds is in the way.

23. Finances.

The entire expenditure amounted to Rs. 12919-5-6 and the receipts from School fees and other receipts went up to Rs. 7122-4-8 as against Rs. 10944-13-8 & Rs 6239-1-6 in the previous year. The net cost of the institution was Rs 5793-9-0 as against Rs 4700-2-11 in the previous year. The Government contributed Rs. 1494 by way of subsidy as against Rs. 2340 in year 1922-23. The net cost to the management was Rs. 4299-9-0. The subsidy for the High School classes was not calculated at 75% of the salaries of Teachers actually paid to them but on certain scales fixed by Government. The net cost per Pupil rose from Rs. 26-9-10 to 28-0-0 in the year under report.

Enclosure III.L.

III. Special Schools, Public Libraries etc;

24. No such institutions were in existence.

PUBLIC HEALTH.

26. Adequacy.

(i) The Municipal Hospital is the only recognized public Medical Institution. There are two other non-recognized private Dispensaries. One of them is managed by a L. M. P. and the other by one who has received his training at the National Medical College Calcutta. There are also thirteen native Physicians giving Medical aid in the town. Medical relief may be considered to be adequate under the terms of G. O No. 1216-L. dated 7-6-21.

(ii) The Municipal Hospital was in charge of a First Class Sub-Assistant Surgeon of selection grade throughout the year. The Compounder is a man of selection grade. The two Midwives were also trained and experienced. These and the menials constituted the staff. It was quite adequate.

(iii) No separate Medical Institution for females is in existence though one is desirable. The Municipality is not in a position to have it.

27. Patients.

225 In-patients and 12240 Out-patients were treated as against 87 and 13807 respectively in the previous year. of these 149 In-patients or 66·22 percent came from outside the Municipal limits and 512 Out-patients were non-residents. The daily average number of patients treated was 35.62 as against 38 in the previous year, while the average daily attendance was 121·33 as against 94 in the previous year. The net cost per patient (in and out) rose from 0-3 9 to 0-7-4 in the current year. The net cost of the institution was Rs. 5699-12-1 as against Rs. 3346-13-0 in the previous year. The increase is due to the purchase of bedding and clothing and the expenditure incurred on improving the Hospital building during the year under report.

Enclosure IV-A.

28. Accommodation and Equipment.

(i) The Hospital building is almost centrally situated and is well equipped. The construction of a contagious disease shed is of urgent necessity and will be taken on hand in due course.

(ii) The Subordinate staff and the existing equipment are quite sufficient to serve the purpose of a Hospital.

(iii) His Excellency Lord Pentland and the late Surgeon-General Lieutenant-Colonel Bannerman suggested the desirability of bringing into existence an operation theatre Government were pleased to sanction Rs. 10410 0-0 for the purpose. The building was completed in the year under report. The necessary instruments and appliances were supplied at a cost of Rs. 723-13-6.

(iv) A sum of Rs. 1653-13-0 was spent on capital works during the year under report. The items of expenditure are as here under:—

[i]	Constructing Operation theatre	Rs. 265—5—5
[ii]	Constructing Compound wall to the Hospital	,, 461—14—8
[iii]	Constructing Lumber room	,, 202—11—5
	Equipment for Operation theatre	,, 723—13—6
	Total,	Rs. 1653—13—0

This sum was fully met from Municipal funds.

II Preventive Medicines.

29 Organization and staff.

No Special staff was employed to look after public health, The Medical Officer, in-charge of the Hospital and the Sanitary Inspector tried to do the propaganda work. The people are not yet alive to the advantages of keeping themselves and their houses clean and thereby warding-off diseases. Rs, 2-5-0 was spent as contingencies in effecting a wide circulation of the notices and posters regarding the Health and Baby Week received from the Director of Public Health.

30 Birth rate and maternity relief.

[i] The number of births registered was 681 as against 609,649 and 557 in the three preceding years. The rate of births per mille of the population was 37.13 as against 33·20 and 35.4 and 30·4 in the three preceding years. One person was prosecuted for failure to report a birth.

[ii] In addition to the two Municipal Midwives eleven unqualified private Midwives were practising their profession in the town. One of the Municipal Midwife was attending to Hospital work and the other was looking after labour cases in the town.

[iii] The Midwife entrusted with the out-door work attended to 220 labour cases or 32·3 per-cent of the recorded births.

[iv] As per instructions contained in G. O. No 1113 L. dated 18-6-1916 the Medical Officer endeavoured to start a Weekly Nursery class to Train Dhais but his attempts proved a failure. Even Dr. Mathias scheme detailed in G. O. No. 345 L. dated 5-3 1917 could not be worked.

[v] There were in all 52 still births as against 32 and 15 in the previous two years. The infant mortality was 119 or 174·74 percentage per mille of the recorded births as against 206·89 in the previous year.

Health and Welfare Associations etc.

No propaganda work was done under these heads. The services of volunteers were not forthcoming. The country still lacks disinterested public works.

31 Death rate, Epidemic and Endemic diseases.

The total number of deaths registered was 605. The corresponding figures for the past five years are as detailed below:—

Periods.	Deaths.
1922-23	933
1921-22	500
1920-21	441
1919-20	668
1918-19	973

[ii] 72 died of fever as against 67 in the previous year The rate per mille of deaths from fever works up to 119·00 Diarrhœa and Dysentery claimed 102 victims as against 60 in the previous year while the toll levied by Respiratory disease was confined to one as against two in the previous year. The rate per mille of deaths under Diarrhœa and Dysentery was 168·59 and under Respiratory disease 1.6 per-cent. The illeterate masses are advised to cultivate cleanly and temporate habits as a precautionary measure against diseases.

[iii] The town was free from Cholera.

[iv] Small pox broke out in a mild form on 17-1,24 and subsided after taking away the lives of 12 persons; the number of attacks being 22 Re-vaccination was carried on vigorously as a preventive measure against Small- pox. The vaccination work was dode by a trained man. The total number of successful cases vaccinated under the heads primary and secondary vaccination was 795 as against 599, 461 and 571 in the three

preceding years. The per-centage of vaccination per mille of the population was 43·73 as against 32·78 in the previous year. The number re-vaccinated was 64 of which only 7 were successful. The supply of lymph was as usual suspended for four months during the hot weather. The number of persons who were hauled up before a Magistrate for failure to get their Children vaccinated was 19 as against 22 in the previous year.

[v] Bubonic plague did not make its appearance in the year under report. The Chief centres of infection in previous years were the Lime-kiln site in II-Ward, Kanchagarpet in V-Ward and the Boyakeri in VI-Ward. These are highly congested blocks and are being carefully looked after. The destruction of rats by means of trapping and baiting was carried on throughout the year. No "Rat-proof Godown" as per design referred to in Government Memorandum No. 1566-1-L. & M. dated 9-10-19 have come into existence. The people are not yet alive to their usefulness.

[vi] Suitable sites for house building are available in Victoriapeta in Ward No. II, but they cannot be granted to applicants whose number is large as they are situated in the so-called Malarial zone. My reference on the subject C. R. No. 96/22 dated 18-3-1924 is pending before Government

[vii] No cases of "Hook-worm" had come to the notice of the Medical Officer.

[viii] No Model By-laws have yet been adopted. They will be introduced gradually as their immediate adoption will entail unnecessary suffering on the people.

Enclosure IV-C and D.

32 Sanitation.

[*a*] Conservancy

[i] Public Conservancy

There are in all 20 Latrines of which 16 are of the approved pattern and the remaining four are stone wall enclosures. The excreta is being removed on carts of the approved design and is trenched in the night-soil depot. After thorough disintegration it is being used as manure. The night-soil depot is one mile away from the Municipal limits. The Town sweepings were leased out for Rs. 191 as against Rs. 105 in the previous year subject to the condition that the bins should be regularly emptied every day. This stuff too is being used as manure. The house sullage is let into sink-pits. For new buildings the provision of sink-pits of approved pattern are being insisted on The Municipality owned 3 night-soil and 3 rubbish carts. There were in all 80 dust-bins of which 49 are made of stone slabs fixed in the ground and 31 of corrugated iron sheets. Steps are being taken to increase the Conservancy tools and plant. A special Conservancy "Depreciation fund" exists to which an addition of 10 per-cent of the total value of the tools and plant on hand is being added year after year. The cost of replacing and renewing the Conservancy tools and plant will be debited to this fund. Its closing balance was Rs. 351-14-5 and is shown in the annual account under "Deposits and advances account". The total expenditure on account of public Conservancy was 5840-14-8 as against Rs. 5746-13-6 in the previous year, while the receipts for the current year as compared with those of the previous year were 191-0-0 and 105 respectively.

The receipts and charges per head of population were 0-0-2 and 0-5-1 as against one and one-fourth pies and 0-5-0 respectively in the previous year.

Private Conservancy

[ii] The total receipts and charges under this head was Rs. 1568-2-6 and Rs. 1126-5-10 respectively. The corresponding figures for the previous year were Rs 1050-1 0 and Rs 892-12-4 This service has not only paid its way but left a surplus of Rs 441-14-8 as against Rs 157-4-8 in the previous year The number of houses with latrines were 242 or the same as in the previous year The per-centage of houses thus served to the total number of houses in the Municipality was 6 00 as against 6·15 in the previous year As already stated the provision of latrine accommodation is being insisted on in cases of new constructions.

Enclosure IV-E.

[b] *Food adulteration etc.*

[i] All Hotels in the Municipality are licensed subject to the condition of health and sanitation, similarly the Diary produce. Sweetmeat shops, places where floor articles are propared and Mutton and beaf stalls had been licensed.

[ii] The licensing conditions were mostly drafted on the lines of Dr. Turner's book on sanitation and were enforced.

[c] *Dangerous and Offiensive trades.*

[i] Dangerous and Offensive trades were also licensed subject to such restrictions as were necessary to guard against nuisance, having in the view the density of population and the conveniences which they afford to the communities concerned. The sale of fish which was solely dried was prohibited in the dense parts of the town but allowed elsewhere, The places used for the storage and sale of cumbustable materials such as kerosine oil, match boxes, etc. were also licensed subject to the conditions of public health and safety. They were inspected periodically,

[ii] Annual licenses were granted reserving the right of revoking the same at any time for breach of condition or conditions The conditions were mostly copied from Dr. Turners' book on sanitation. The trades are controlled. The Sanitary Inspector who is an experienced man is looking after them.

[b] *Fairs and Festivals.*

[i] No Fairs and Festivals of any importance were held or celebrated. The Car festivals of Vadakaraya Swamy and Sannakki Veerabhadra Swamy come up every year and are too insignificant to require notice. The outsiders that attend them may not be more than 250 in number. Necessary sanitary arrangements were made on those occasions.

[ii] No Joint-Committees were in existence.

[iii] The Temples just mentioned are too poor to make any contribution from their funds, They derive no income from Pilgrims.

[iv] The sanitary arrangements made at the two Car festivals were satisfactory,

33 *Water Supply.*

[a] The system of piped or protected water supply was not in existence. People obtain their supplies from draw wells whose number is pretty large,

Enclosure IV-F. G,

34 *Drainages.*

The Council cannot at present go in for a drainage scheme. Their slender resources do not permit the undertaking of it. They may not be able to discharge a loan constructed on that account,

Public Health Miscellaneous.

35 Public Health and Safety (Miscellaneous)

Veterinary Institution.

[i] The Council maintained no such institution during the year under report. The Government Veterinary Hospital is situated within Municipal limist.

[ii] *Measures taken for fire protection:—*

No staff for the purpose is employed by the Council.

[iii] *Medical inspection of School Children:—*

In the year 1922-23, 269 Boys of the Municipal High School were examined and the Medical Officer was paid a remuneration of Rs. 201-12-0 Nothing was spent during the year under report.

Annexure E. *36 Financial Summary.* Remunerative Enterprises.

36. (i) The Development of Remunerative Enterprises is not called for at present. If undertaken they will not prove paying concerns,

Transport.

There were no Motor bus services or any other enterprise of the kind.

38 Markets, Slaughter houses, Cart-stands and Pounds.

Years.	Gross Ordinary receipts from				
	Markets	Cart-stand	Slaughter-houses	Tree planting	Pounds
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	
1923-24	1716 0 4	...	230 8 0	87 5 0	
1922-23	1807 12 11	...	231 4 5	65 15 0	
1921-22	1955 10 2	...	371 5 10	29 2 0	
1920-21	1838 13 6	...	725 4 11	63 6 0	
1919-20	1711 5 4	...	827 4 9		

(a) Markets:—

There were two Weekly Markets one at Hospet and the other at Chittawadigi with 4 and 2 stalls respectively. There was also a Daily Vegetable Market situated in the heart of Hospet with two stalls.

[ii] The gross receipts amounted to Rs. 1716-0-4 of which Rs. 1563-9-3 was spent in constructing stalls for the Daily Vegetable Market. The surplus of Rs. 153-7-1 was merged into the balance under the "General account"

[iii] Improvements.

The Weekly Market at Hospet is badly in need of improvement. The stalls require repairs. A compound wall is a great dissideratum. These requirements will be met in the current year. Proceedings for the acquisition of the necessary site for the extension of the Daily Vegetable Market have been set on foot. Government Notification is awaited.

[iv] No private Markets are in existence.

Enclosure V-A.

[b] Cart-stands.

The Municipality does not at present own a Cart-stand. A site for it has been selected and application for its acquisition forwarded to the Revenue Department.

[c] Slaughter houses.

[i] There were two public Slaughter houses, one for sheep and the other for cattle. The receipts and charges during the year 1923-24 amounted to Rs. 230-8-0 and Rs. 175 respectively. The corresponding figures for the previous year were Rs. 231-4-5 and Rs. 388-2-4.

[ii] There were no private Slaughter houses

Enclosure V-B.

39 Tree Planting.

No trees were newly planted. A sum of Rs. 87-5-0 was realized from the sale of the tamarind usufruct.

Future Policy:

No attempt was made to improve the avenues as there was water difficulty on account of a succession of bad seasons. Shady and fruit trees will be planted as soon as the present conditions undergo a change for the better

40 Land Development

[i] A Town-Planning Committee is in existence but there was no scope for its activities. The town is still highly congested. The worst localities are:—

1 Lime-kiln site in II-Ward
2 Cowlpet Kurubageri in III-Ward
3 Kanchagarpeta in V-Ward
4 Boyakeri and the Fort in VI-Ward

No attempt to remove congestion will be made until the Council can provide sites for building new houses. The matter about this is under correspondence with Government. Vide my letter reference on C. R. 96-22 dated 18-3-24;

[ii] The town has not been surveyed after the constitution of the Municipality. A survey after the removal of a fair amount of congestion will be useful as furnishing a correct record of the existing conditions of streets etc. The assistance of Boy-Scouts will be availed of when necessary (G. O. No. 8294-M. dated 17-9-20). Steps will be taken to carry out the civic survey on the lines laid down in G. O. No. 1748-P. H. dated 18-12-1922.

[iii] and [iv] A town extension scheme costing Rs. 35000.

The reference on the subject was recorded by Government in its G. O. No. 1723 P. H. dated 17-10-23 as suggested by the Town Planning Officer

[v] Building sites are ordinarily disposed of on the assignment system. Government sites are now being sold by public auction. They fetch good prices.

[b] Other Land exploitation

[i] Temporary licenses for the occupation of road-margins by erection of temporary pendals etc. are issued without inconvenience to traffic Unobjectionable encroachments on the Railway feeder road and trunk road were relinquished by the Council and were assigned away by Government on payment of ground rent.

[ii] There were in all 34 encroachment-cases. In 10 the encroachers were prosecuted. No warrants were issued for recovery of the cost of the sites. Notices were issued in 14 cases and the encroachments were removed. The encroachments removed departmentally were 8 as against 4 in the previous year. The number of encroachments pending removal were 2 as against 5 in the previous year

41 Pounds.

There are no Pounds under Municipal management.

VI. General Revenue.

42 Revenue account.

The property tax was levied at 10 per-cent of the rental value. The lands which are solely used for Agricultural purposes and which are not appurtenant to or covered by any building or buildings were assessed at 0-4-0 for 80 square yards under Section 84 (d) of Act V of 1920. The Profession and Companies taxes were levied at the Schedule rates. The taxes on animals and carriages were also levied at the Schedule rates exception having been made in the following cases,:—

The special rates fixed are as shown against them:—

1	Cart	Rs.	4	0	0	per year
2	Bull	,,	0	8	0	per year
3	Male buffalo	,,	0	8	0	per year
4	Pig	,,	0	2	0	per year
5	Goat	,,	0	4	0	per year

The tolls, warrant and distraint fees were also charged at the Schedule rates,

The income derived from the property tax was Rs. 16564-11-3 as against Rs. 14969-1-7 and Rs. 10387-1-5 in the two previous years. The increase was due to the timely revision of taxes and the fixing of assessments on improved and new buildings. 35 revision petitions were received during the year under report and all of them were disposed of before 31-3-24. In 9 cases the assessments were confirmed and in 13 cases they were either modified or reduced. 13 petitions were rejected. The Profession tax yielded Rs. 3348-0-0 as against 2672-8-0 and 2094-0-0 in the year 1922-23 and 1921-22 respectively. 74 appeals were received and 50 disposed of leaving a pendency of 24 at the end of the year. Of the 50 appeals disposed of one resulted in an increase in assessment, and in 23 cases the assessments were confirmed and in 27 cases they were either reduced or remitted. A sum of Rs 330 was realized under Companies tax as against Rs. 485 in the previous year. There was only one appeal and it was disposed of before the close of the year. The warrant and distraint fees collected during the year under report was Rs. 301-10-0 as against Rs. 122-8-0 and 152-0-0 in the previous years. The collections from fees, fines and forfeiture were 998-12-4 while those under lapsed deposits were 49-8-5. The gross receipts under taxation were Rs. 21592-10-0 as against Rs. 18891-7-7 and 13888-15-10 in the previous years.

The openi ng balance under *A. General Account* was Rs. 21539-15-9 and the credits under Ordinary and Capital items were Rs. 52693-14-1 and Rs. 1666-12-0 respectively. The debits under the respective heads were 40378-2-7 and Rs. 5384-5-3. The total amount appropriated to meet the cost of Elementary Education was Rs 3178-13-4.

" The General account " closed with a balance of Rs. 27479-5-6 or Rs. 5939-5-9, more than in the previous year. A sum of Rs. 5000-0-0 was invested in the Co-operative Central Bank Hospet. The actual closing balance *in cash* in the Treasury was Rs 22479-5-6. A sum of Rs. 1650-3-6 was spent on the collection staff and other contingencies during the year under report. This sum represents 7-64 per-cent of the gross Revenue from taxation as against 17-65 in the previous year.

43. Incidence

The aggregate demand under all taxes excluding taxes on carriages, animals and carts was Rs. 17396-12-0 as against Rs. 16884-5-2 in the previous year. There was thus an increase in the incidence of taxation per head of population from 0-14-2 to 0-15-2 while the Presidency average for the year 1922-23 was Rs. 2-0-4 The total number of houses assessed to tax was 4027, while the total area of the land assessed was 1250 acres 78 cents. The corresponding figures for the previous year were 3985 houses and 1250 acres and 73 cents of land. The incidence of tax per house was 3-3-2 and that of land per acre 0-15-7 The corresponding figures for the previous year were 4-7-10 and 1-11-0. The incidence of aggregate " property " works up to Rs. 4-2-9 as against 6-2-10 in the previous year.

The incidence of Profession tax assessed was 3-6-0 as against Rs. 4-1-2 in the previous year. The total number of persons assessed under this head was 890 or 4·85 per-cent of the total population. The figures for the previous year are 814 persons and 4·43 per cent

The incidence of income per head of population excluding Government grants was Rs 2-12-1, including Government Grants etc., was 3-5-11

Enclosure VI—C.

44. Demand, Collection and Balance.

The demand for the year under taxation items was Rs. 29347-6-4 of which Rs. 26811-7-10 was either collected or remitted leaving a balance of Rs. 2535-14-6 on 31—3—24. The corresponding figures for the previous year were Rs. 30523—13—5

(Demand)

Rs. 22632-3-7 and 6335-11-8 respectively. Of the balance

(Collection) (Balance)

Rs. 2535-14-6 that remained on 31-3-24 a further sum of Rs. 831-1-3 was since collected and Rs. 302-15-11 remitted as irrecoverable thus reducing it to Rs 1401-13-4 or 4.7 per cent of the demand of Rs. 29847-6-47. The demand under non-taxation items was 13080-5-4 of which Rs. 12653-12-2 was either collected or remitted leaving a balance of Rs. 426-9-2 or 3.26 per cent of the demand on 31-3-24. This sum was subsequently reduced to Rs. 292-11-6 or 2.24 per cent of the demand. The total demand under tax and non-tax resources for year was Rs. 424277-11-8 as against Rs. 43204-13-9 in the previous year. The balance pending realization on 31-3-24 was Rs. 2962-7-8 or 6·8 per-cent which was since reduced to Rs. 1694-8-11 representing 3-99 per cent of the total demand. The collection work during the year may be stated to be satisfactory. 1027 warrants for the recovery of the previous years tax were pending execution and 280 warrants were issued during the year. Of these 815 were executed and the tax remitted in 65 cases. Thus the balance pending execution was 429 or 32.8 per-cent of the demand and this number was further reduced to 290. In 186 cases distraints were made. In 13 cases the property seized was sold in public auction. 57 persons were prosecuted for non-payment of tax. The balances pending realization are due mostly from the poor and are being collected with much effort.

VII, A Cash transactions

45. Cash transactions

(i) The year under report opened with a balance of Rs. 25755-7-2. The Credits and Debits amounted to Rs. 61862-8-10 and 57861-5-6 respectively. The year closed with a cash balance of Rs. 25256-10-6. This is exclusive of Rs. 5000-0-0 deposited in the Co-operative Central Bank Hospet.

(ii) All taxable sources have been tapped at rates which may be deemed to be some what high for a town of the size of Hospet. No cases of overdrawals on the Treasury occured,

Enclosure VII—A.

46. Ordinary resources.

The total ordinary expenditure on the General Account was Rs. 40378-2-7 as against Rs. 41229-13-1 in the previous year. Of this Rs. 9408 or 23.2 per-cent came from Government Grants and the rest from receipts.

47. Capital Expenditure

An aggregate sum of Rs. 5384-5-3 was spent as Capital expenditure. Of this Rs. 1949-0-0 or 36.2 was met from Grants and the rest was charged to the General Account

48. Debts.

Municipality contracted no debts up till now

49. Investments.

The account commenced with an Opening balance of Rs. 4653-4-10 and a sum of Rs. 8167-1-0 was invested during the year. The withdrawals amounted to Rs. 2543-13-6. It closed on 31-3-24 with a balance of Rs. 10276.8-4

Enclosure VII—E.

50. Depreciation

As stated in para 32 supra a Depreciation Fund was formed and maintained

51. Audit

The annual accounts for 1923—24 have recently been audited and the audit report is awaited. The results of the audit for 1921—22 and 1922—23 were pronounced to be satisfactory. There were no cases of surcharge

52. Assets and Liabilities

The total Assets of the Municipality were Rs. 121607-10-10 while the Liabilities amounted to Rs. 8106-11-10. No bills were pending payment on 31-3-1924

53. General remarks

230 Prosecutions were instituted as against 330 in the previous year. Of these 73 were instituted for failure to take out licenses, 57 for non-payment of taxes, 19 for failure to get Children vaccinated. 1 for failure to give information of a birth, 1 for committing nuisance and 69 for other offences

The bulk of the population are agriculturists. Sites for the deposit of manure were acquired all round the town and the people are being pressed to make use of them

The two Co-operative Societies viz, one for the sole benefit of Conservancy Menials and the other for the benefit of other Municipal Servants were working satisfactorily. Their audit for the year ending 30—6—23 was conducted with satisfactory results. The advantage of these Societies are being much appreciated by the Members especially the Menials.

Administration Report for the Year 1923-24. Hospet Municipality.

THE REPORT PROPER.

I. Constitution and Management.

JURISDICTION:—

[i] There have been no changes in the Jurisdiction of the Municipality since its constitution in 1918. For purposes of Administration the Municipality is divided into six Wards on the principles laid down in G. O. No. 1313, M. dated 5-9-1919 and they are as follow:—

I Ward, Chitawadgi	IV Ward, Main Bazaar
II Ward, Victoriapet	V Ward, Devangapet
III Ward, Cowlpet	VI Ward, Boyakeri

[ii] This system has greatly facilitated the work of the Municipality and resulted in the division of labour which adds to the convenience of the administration.

2. PERSONAL:—

(a) The Council.

[i] The sanctioned strength of the Council was sixteen as in the previous year. The proportion of elective seats viz. three-fourths ramained unaltered. This is the minimum prescribed in Section 7 [2] of the Act.

[ii] No Officials were Ex-Officio Councillors or appointed as such.

[iii] Of the twelve Elected Councillors 3 are Brahmins, 1 Lingayat, 2 Devangas, 3 Vaisyas, 1 Vellala 1 Naidu & 1 Ediga. Of these the Ediga Councillor represents a back-ward class. The four Nominated Councillors who were on the Council in the previous year vacated their seats on 24-3-1924 by efflux of time and fresh nominations were notified in the Fort Saint George Gazette on 27-5-1924.

Particulars of their caste etc, are as under:—

	Names	Caste
1	Janab Vellur Mastan Sahib Bahadur,	Muhammadan.
2	M. R. Ry, Moses Yesudasayya Garu	Indian-Christian.
3	M. R. Ry, Banda Mari Hulugappa Garu,	Boya.
4	M. R. Ry. Mochi Parasappa Garu,	Mochi. [Shoe-maker.]

B. DIRECTING OFFICERS—

(i) Chairman.

The Council is presided over by an Elected Chairman, who is an Honorary Non-Official. There was no change in the Office of the Chairmanship during the year under report. M. R. Ry. Dewan Bahadur, T. Kothandaram Naidu Garu was the Chairman.

(ii) Vice-Chairman.

The Council elected M. R. Ry. B. Sreenivasa Rao Garu as its Vice-Chairman on 15-12-1922 and he continued to work as such throughout the year 1923-24.

[iii] The elections of the Chairman and the Vice-Chairman were held on 11-11-21 and 15-12-22 respectively and both the seats were contested there being 2 candidates for each.

[iv] There is no Secretary. The Manager is the head Ministerial Officer who attends to the Office work. The executive work is being done by the Chairman himself.

3 Elections.

[i] Under the existing franchise the electorate is wide enough though the electors are still uneducated. They nevertheless evinced a good deal of interest in the elections. 198 voters were present at the poll on 25 9-23 the election day, which number represents 58-23 per-cent of the total number of electors.

[ii] Four Councillors had to be elected during the year under report of whom three were returned uncontested. For the fourth a poll was taken. Three candidates contested the seat. The total cost including that of the preparation of Electoral rolls amounted to Rs. 100.

(iii) There were no election disputes at all,

Enclosure I-B

4 Meetings

(i) Generally the Council's meetings were held once a month. The attendance of Members was fairly good. The average per-centage of Members present was 63.96 as against 71. 11 in the previous year. Fourteen meetings in all were held and two were adjourned for want of a quorum.

(ii) The business at each meeting was promptly attended to, and all the subjects entered in the agenda were disposed of. No meeting was adjourned for want of time or owing to the prolongation of the sitting.

(iii) The Council's procedure was regulated as per rules in the Schedule III of the Act V of 1920.

Enclosure I-C.

5 Committees

(i) The Council appointed three Standing Committees viz.

1 Educational
2 Public Health
and 3 Public Works

(ii) Two Ad-hoc Committees were formed during the year under report.

(iii) No Ward-Committees were appointed

(iv) A Joint-Committee was constituted in June 1922 to decide the payment of the share of the toll-revenue to the Bellary District Board It met at Bellary on 25 6-23 and decided that the Municipality should pay one-fourth of the gross income derived from tolls

The realizations under animals, Vehicle and carriage amounted to Rs. 6154-3-0 as against Rs. 4675 4-0, Rs. 4675 13-0 and 4569-1-0 in the preceding three years. The total service receipts under communications were Rs. 11734-12-9 as against 10502 4-2 in 1923-23 and Rs 10742 8 6 in 1921-24

8. Establishment

There is a Sub-Overseer on Rs. 45-1-55 [annual] with a cycle allowance of Rs 5 a month He is competent though unqualified. He attends to the execution and supervision of Public Works. A Peon on Rs. 10-1-15 [annual] is allowed to work under him. The Sub-Overseer is looking after the Avenues.

9. Roads, Bridges, Ferries & Buildings.

(a) ROADS.

The Madras-Bombay trunk road is treated as a "First class road" while the communications leading to Kamalapur and Ramandrug are classified as "Second class roads". The remaining ones come under the catagory of "third class roads" This classification was made with the consent of the District Board. The Main-Bazaar Street forms part of the trunk road and is the most important one. The trunk road is the principle through-fare. It is 2 miles & 2 furlongs in length and lies within Municipal limits. An aggregate sum of Rs. 1965-1-0 was spent on its maintenance as against Rs. 2016-2-3 in the previous year

(ii) The metal used is picked up in the fields in the out-skirts of the town. It is good and suitable. The longest and shortest leads of the gravel quarries are 1 mile 5 furlongs and 1 mile 2 furlongs respectively while the leads for the metal quarries are 2 miles 5 furlongs and 2 miles and 3 furlongs. There was no need for resorting to the Railway for transit of road materials.

(iii) The condition of the Trunk road was good. That of the Kamalapur and the Railway feeder roads was fair. The Chittawadigi road was bad. The condition of the other roads was passable. Absence of rain and the consequent water difficulty were in our way. The Chittawadigi road will be metalled through-out in the current year. The traffic on it is heavy. The width of the Main Bazaar Street varies from 51 to 75 feet. The Shop-keepers on either side of it are temporarily permitted to occupy the road margins on every Saturday which is a Market day on payment of fees as fixed by the Council and subject to certain restrictions against obstruction to traffic

(iv) The gross and net revenue derived from tools was Rs 6907-2-5 and Rs. 5435-8-9 respectively as against Rs. 6546-0-8 and 6719 4-8 in the previous year. The total expenditure on roads including that on the trunk road was Rs. 4320—13—4 as against Rs. 3958—14—5 in the previous year. The per-centage being 79,5 as against 69.10 in the Previous year. Excluding the expenditure on the trunk road the outlay on roads bears a per-centage of 43,34 to the net toll revenue. A sum Rs. 1965—4—0 was advanced from Municipal funds for repairing and maintaining the trunk road. Of this sum only Rs 1634-0-0 was paid by Government in G. O. No. 2093 L & M dated 22-8-23 and the balance is still due from Provincial funds. Rs. 379-11-9 and 1975-13-7 was spent on the maintenance of second and third class roads as against Rs. 238-8-7. and 1704.3-7 respectively in the previous year. The total cost of maintenance per mile amounted to Rs. 360-1-4 as compared with Rs. 339-14-2 in the previous year. Out of its toll income the Council paid to the Bellary District Board Rs 1471-9-8 as Local Fund share as against Rs 885-12-0 in the previous year The per centage of expenditure of Budget allotment was 92 as against 92.07 in the previous year.

Enclosure II-A

(b) Bridges, Cause-ways and Culverts.

MAJOR WORKS :—

(i) No Major works were undertaken during the year under report

MINOR WORKS :—

(ii) Some Culverts were widened and repaired at a cost of Rs 100. This item of expenditure was included in the maintenance charges of the respective roads

CAPITAL WORKS :—

(iii) No expenditure was incurred on the construction of new bridges or Cause-ways

(c) Ferries.

There were no ferries.

(d) Departmental Buildings

No work of importance was undertaken.

10. Rest houses Choultries and Water-sheds :—

[a] Rest houses.

[i] and [ii] No Rest houses are under Municipal control.

[b] Choultries and Water-sheds

[i]. The Council is maintaining a Choultry. It provides accommodation for all classes of persons. Travellers are allowed to occupy a room on payment of a daily fee of Rs. 0-4-0

No new Choultries were constructed. There are no Water-sheds, there being no necessity for them.

[ii]. The income derived from Choultry fees amounted to Rs. 144-12-0 as against Rs. 95-2-0 and Rs. 144-12-0 in the two preceding years. The charges for maintaining the Choultry aggregated to Rs. 120-0-0 as against 147-9-3 and Rs. 131-0-3 in the years 1922-23 and 1921-22 respectively. There are no endowments No free-feeding of travellers was undertaken.

—Enclosure II-C

11 Tools Plant and Stores

[i]. Petty repairs to certain Public Works tools were done and the expenditure thereof was debited to the respective works,—

[ii]. No new or important plants were purchased during the year under report.

12 Lighting

As in the previous year the same number of lights i. e. 132 continued to be lit. The total cost of maintaining lights fell from Rs. 1859—1—10 to Rs 1733—12—10 during the year under report. The average cost per light was Rs. 14-1-4 in the previous year and was reduced to Rs. 13-2-2 in the year under report. The decrease is due to the economical management and to the easier price of oil. There were in all six cases of thefts of lighting materials as against nine in the previous year. None of the offenders were brought to book by the Police to whom the occurrences had been reported promptly. The Council has sanctioned six additional lamps for the year 1924-25 and the posts are being got up.

SPECIAL SCHEMES.

The Council is not in a position to undertake any special scheme for lighting such as the electric installation and the putting up of high power lamps. No private person has come forward to undertake one or the other as a paying concern.

Enclosure II-D

ELEMENTARY EDUCATION.

14 Adequacy of Education facilities

[i]. The number of Boys of School going age [up to 15 years of age] is 2344 while that of the Girls [up to 10 years] is 1225. The Standard has been approved by Government in G. O, No. 203 Law dated 21-2-22 The number of Boys and Girls whose education is yet to be provided for is 1493 and 1055 respectively or 63.69 and 86.12 per-cent of the total numbers. The number of Schools was 15 for Boys and two for Girls as in the previous year. The average number of Boys in all the Schools during the year under report rose from 829 to 851 while that of Girls from 169 to 170

[ii]. The total number of Boys and Girls attending Municipal Schools was 365 and 100 as against 305 and 145 respectively in the previous year. The per-centage of the total number of Boys of School age in all Municipal Schools to their total number within Municipal limits was 42.89 while that of the Girls was 53.82.

[iii]. None of the Children living outside Municipal limits attended the Municipal Schools.

Enclosure III-A & B

15 Strength and Efficiency

There were in all twelve Elementary Schools under the management of the Council. The strength of Boys Schools was 430 as against 454 in the previous year. The per-centage of attendance was 80.00 as against 76.02 in the previous year. The strength and per-centage of the daily attendance of Girls Schools were 171 and 67 83 as against 155 and 70.96 respectively in the previous year. The Municipality runs an Elementary School for the sole use of the Panchama Children. Panchamas seeking admission are allowed to join other public Schools but as yet only two Girls belonging to Adi-dravida community are among the Pupils of the Municipal Hindu Girls School. They were admitted during the year under report. None of them got into the Boys Schools.

Enclosure C. to F.

16 Staff

Twenty one Teachers were employed in the Schools, of these three are untrained. The proportion of trained to untrained Teachers was 14.28. The two night Schools opened for the benefit of Weavers and Labourers are managed by the teachers employed in the Day Schools and each of them were allowed a remuneration of Rs. 7-8-0 a month. The scale of salaries sanctioned for the various grades of teachers is as follows —

	Trained	Untrained
Males ...	Rs. 12 plus 6 a month	Rs 10 plus 5
Females ...	,, 13 plus 6½ a month	,, 10 plus 5

The Teachers holding substantive appointments are allowed to enjoy the benefits of the Municipal Provident Fund. A compensatory allowance of Rs. 2 a month is paid to such of the teachers who have sustained loss on account of the abolition of the capitation allowance from 1-4-1923 The Headmaster of the Municipal Hindu Elementary School and the Headmistress of the Municipal Hindu Girls School hold pensionable posts. The number of trained teachers employed is an index of the efficiency of the staff. The number of Pupils per teacher was 29, while his average salary was 237-13-11 a year.

Enclosure III-G

17 Accommodation and Equipment.

The Council owned four buildings and hired six on rent Rs. 1-12-0. was spent on the maintenance of the former, while the rent paid for the latter amounted to Rs. 393-2-5 as against Rs. 232 in the previous year. So far as the free play of air and light is concerned the School houses may be said to be satisfactory on the whole. Each of the Hindu Girls School and the Panchama School has got attached to it an open ground for purposes of play. Rs 1405-15-5 was spent on the construction of the Devanganet School house. It was occupied on 17-7-23.

Enclosure III-H

18 Elementary Education Fund

[i] The Total expenditure on Elementary Education was Rs. 6199-2-3 as against Rs. 5532-9-8 and Rs. 4397-2-7 in the two preceding years. 2070-13-11 or 33.40 per-cent of it was met from General Funds, Rs. 27-4-4 or 0.43 per-cent was appropriated from service receipts and the balance of Rs-4101-0-0 or 66.3 per-cent was charged to Government Grants account. Nothing was left as closing balance under this account.

[ii] The cost of the Elementary Education per head of Pupil was Rs. 10-4-4 as against Rs. 12-3-3 and 9-9-7 in the two preceding years

[iii] The Council's relations with the District Educational Council were cordial and and harmonius.

Enclosure III-I

II SECONDARY EDUCATION

19 Adequacy and Strength

[i] The Municipality is running a complete Secondary School since 1922-23. This is the only Institution of the kind in existence

[ii] The highest form in the said School is the 6th Form which was opened in 1922—23.

[iii] The total strength of the Secondary Department of the School was 207 or 30 more than in the previous year.

Enclosure III-J

20 Efficiency.

[i] The average strength of the School was 303 as against 187 in the previous year, while the average attendance was 299 or 97 per-cent of the average strength.

[ii] The strength of the highest or the VI Form was 18 or 8.69 per-cent of the total strength of the School in the Secondary Department. Particulars regarding the other forms are as detailed below —

Form	Strength	Per-centage to strength of Secondary Department
V	25	12.07
IV	41	19.85
III	33	15.94
II	43	20.77
I	47	22.75

The strength of the Elementary Department of the School was 93 Boys and one Girl or 14 more than in the previous year.

[iii] The number of non-residents receiving the benefits of Education in the Secondary School was 7

[iv] The number of Girls in the Secondary Department of the School was nil, while that of Boys belonging to the backward classes was 53 as against 42 in the previous year.

[v] Eighteen Students in the VI Form appeared for the S. S. L. C. examination of whom six obtained eligibility certificates. The working of the School was well spoken by the Educational Officers

Enclosure III-K

21 *Staff.*

Seventeen teachers, one Clerk and two Peons were employed during the year under report. Of those seventeen teachers, ten are in the permanent cader, one acting in the place of a permanent incumbent now working in the temporary section and six are in the temporary section. The increase in the strength of the lower Forms and Standards necessitated the division of some of them and the entertainment therefor of some temporary hands. The Headmaster who is a Mathematics B, A, L, T, and the History Assistant who is also a B, A, L, T, are experienced men and are paid Rs, 150

and Rs. 100 a month respectively. The Science assistant was also a B. A. L. T. and was paid Rs. 100 a month. The appointment is now vacant. The Teachers employed in the lower forms and classes are trained and efficient to discharge the duties required of them The Telugu Pandit who holds a pensionable post attached to the Middle School was on leave for one year from 17-7-22. He returned to duty on 17-7-23 but was ordered to work in the temporary section as he was not quite fit to discharge the duties of Telugu Pandit and the acting incumbent formerly working in his place was allowed to continue on the maximum salary of Rs. 40 a month he being a trained and otherwise qualified Vidwan. The former will complete his service on 12-9-25 and will be retired at-once. All the permanent Teachers including the School Clerk were allowed the previlege of subscribing to the Municipal Provident fund.

In consideration of the steady increase in the School-strength and the continuance of the temporary section, the Council on the recommendation of the District Educational Officer made the temporary section permanent and sanctioned the entertainment of a Mathematics B. A. L T. in the place of a raw Semi-graduate working in the temporary section, of a commercial Instructor and of a Canarese Pandit.

22.— Accommodation and Equipment.

The present School-house even with the addition of the old Sub-Magistrate's Court is quiet insufficient for the purposes of a high School. The question of providing additional accommodation is engaging the attention of the council and the Educational authorities. The necessary estimates are under preparation. A sum of Rs. 1392-5-6 was spent under Repairs and Renewals to Equipment and furniture etc. and Rs. 107-12-0 under Capital expenditure. Rs. 88-15-6 was spent for repairing the School building. The ventilation of the School house is satisfactory.

(ii) Adequate provision was made for Physical culture. Besides the usual School-Gymnasium, the School commands a Foot-ball, Badminton, Hockey and Cricket teams. The receipts from games fee and the layout on Sports materials were Rs. 500-12 0 and Rs. 151-10-0 respectively during the year under report. The School has an extensive play ground which is about two furlongs away from it.

(iii) No Hostles are attached to the School. Want of funds is in the way.

23.— Finances.—

The entire expenditure amounted to Rs. 12919-5-6 and the receipts from School fees and other receipts went up to Rs. 7122-4-8 as against Rs. 10944-13-8 & Rs. 6239-1-6 in the previous year. The net cost of the institution was Rs 5793-9-0 as against Rs 4700-2-11 in the previous year. The Government contributed Rs. 1494 by way of subsidy as against Rs. 2340 in year 1922-23. The net cost to the management was Rs. 4299-9-0 The subsidy for the High School-classes was not calculated at 75% of the salaries of Teachers actually paid to them but on certain scales fixed by Government. The net cost per Pupil rose from Rs. 26-9-10 to 28-0-0 in the year under report.

Enclosure III.L.

III. Special Schools, Public Libraries etc;—

24. No such institutions were in existence

G. O. 1715 L & M.
23—6—24.

26. Adequacy.

(i) The Municipal Hospital is the only recognized public Medical Institution. There are two other non-recognized private Dispensaries. One of them is managed by a L. M. P. and the other by one who has received his training at the National Medical College Calcutta, There are also thirteen native Physicians giving Medical aid in the town. Medical relief may be considered to be adequate under the terms of G. O No,. 1216-L. dated 7-6-21.

(ii) The Municipal Hospital was in charge of a First Class Sub-Assistant Surgeon of selection grade throughout the year. The Compounder is a man of selection grade. The two Midwives were also trained and experienced. These and the menials constituted the staff. It was quite adequate.

(iii) No separate Medical Institution for females is in existence though one is desirable. The Municipality is not in a position to have it.

27. Patients.

225 In-patients and 12240 Out-patients were treated as against 87 and 13807 respectively in the previous year. of these 149 In-patients or 66·22 percent came from outside the Municipal limits and 512 Out-patients were non-residents. The daily average number of patients treated was 35.62 as against 38 in the previous year, while the average daily attendance was 121·33 as against 94 in the previous year. The net cost per patient (in and out) rose from 0-3-9 to 0-7-4 in the current year. The net cost of the institution was Rs. 5699-12-1 as against Rs. 3346-13-0 in the previous year. The increase is due to the purchase of bedding and clothing and the expenditure incurred on improving the Hospital building during the year under report.

Enclosure IV-A.

28. Accommodation and Equipment.

(i) The Hospital building is almost centrally situated and is well equipped. The construction of a contagious disease shed is of urgent necessity and will be taken on hand in due course.

(ii) The Subordinate staff and the existing equipment are quite sufficient to serve the purpose of a Hospital.

(iii) His Excellency Lord Pentland and the late Surgeon-General Lieutenant-Colonel Bannerman suggested the desirability of bringing into existence an operation theatre. Government were pleased to sanction Rs. 1041 0-0 for the purpose. The building was completed in the year under report. The necessary instruments and appliances were supplied at a cost of Rs, 723-13-6.

(iv) A sum of Rs. 1653-13-0 was spent on capital works during the year under report. The items of expenditure are as here under:—

[i]	Constructing Operation theatre	Rs. 265—5—5
[ii]	Constructing Compound wall to the Hospital	,, 461—14—8
[iii]	Constructing Lumber room	,, 202—11—5
	Equipment for Operation theatre,	,, 723—13—6
		Total,—Rs. 1653—13—0

This sum was fully met from Municipal funds.

II-Preventive Medicines.

29 Organization and staff.

No Special staff was employed to look after public health, The Medical Officer, in-charge of the Hospital and the Sanitary Inspector tried to do the propaganda work. The people are not yet alive to the advantages of keeping themselves and their houses clean and thereby warding-off diseases. Rs, 2-5-0 was spent as contingencies in effecting a wide circulation of the notices and posters regarding the Health and Baby Week received from the Director of Public Health.

30 Birth rate and maternity relief.

[i] The number of births registered was 681 as against 609,649 and 557 in the three preceding years. The rate of births per mille of the population was 37.13 as against 33·20 and 35.4 and 30·4 in the three preceding years. One person was prosecuted for failure to report a birth.

[ii] In addition to the two Municipal Midwives eleven unqualified private Midwives were practising their profession in the town. One of the Municipal Midwife was attending to Hospital work and the other was looking after labour cases in the town.

[iii] The Midwife entrusted with the out-door work attended to 220 labour cases or 32·3 per-cent of the recorded births.

[iv] As per instructions contained in G O. No 1113 L. dated 18-6-1916 the Medical Officer endeavoured to start a Weekly Nursery class to Train Dhais but his attempts proved a failure. Even Dr. Mathias scheme detailed in G. O. No. 345 L. dated 5-3-1917 could not be worked.

[v] There were in all 52 still births as against 32 and 15 in the previous two years. The infant mortality was 119 or 174·74 percentage per mille of the recorded births as against 206·89 in the previous year.

Health and Welfare Associations etc.

No propaganda-work was done under these heads. The services of volunteers were not forthcoming. The country still lacks disinterested public works.

31 Death rate, Epidemic and Endemic diseases.

The total number of deaths registered was 695. The corresponding figures for the past five years are as detailed below.—

Periods.	Deaths.
1922-23	933
1921-22	500
1920-21	441
1919-20	668
1918-19	973

[ii] 72 died of fever as against 67 in the previous year. The rate per mille of deaths from fever works up to 119·00 Diarrhoea and Dysentery claimed 102 victims as against 60 in the previous year while the toll levied by Respiratory disease was confined to one as against two in the previous year. The rate per mille of deaths under Diarrhoea and Dysentery was 168 59 and under Respiratory disease 1·6 per-cent. The illeterate masses are advised to cultivate cleanly and temporate habits as a precautionary measure against diseases.

[iii] The town was free from Cholera.

[iv] Small-pox broke out in a mild form on 17-1,24 and subsided after taking away the lives of 12 persons; the number of attacks being 22. Re-vaccination was carried on vigorously as a preventive measure against Small-pox. The vaccination work was done by a trained man. The total number of successful cases vaccinated under the heads primary and secondary vaccination was 795 as against 532, 451 and 571 in the three

preceding years. The per-centage of vaccination per mille of the population was 43·73 as against 32·73 in the previous year. The number re vaccinated was 64 of which only 7 were successful. The supply of lymph was as usual suspended for four months during the hot-weather. The number of persons who were hauled up before a Magistrate for failure to get their Children vaccinated was 19 as against 22 in the previous year.

[v] Bubonic plague did not make its appearance in the year under report The Chief centres of infection in previous years were the Lime-kiln site in II-Ward, Kancheagarpet in V-Ward and the Boyakeri in VI-Ward. These are highly congested blocks and are being carefully looked after. The destruction of rats by means of trapping and baiting was carried on throughout the year. No "Rat-proof Godown" as per design referred to in Government Memorandum No. 1566-1 L. & M. dated 9-10 19 have come into existence. The people are not yet alive to their usefulness.

[vi] Suitable sites for house building are available in Victoriapeta in Ward No. II, but they cannot be granted to applicants whose number is large as they are situated in the so-called Malarial zone. My reference on the subject C. R. No. 96/22 dated 18-3-1924 is pending before Government

[vii] No cases of "Hook-worm" had come to the notice of the Medical Officer.

[viii] No Model By-laws have yet been adopted. They will be introduced gradually as their immediate adoption will entail unnecessary suffering on the people.

Enclosure IV-C and D.

32 Sanitation.

[*a*] Conservancy

[i] Public Conservancy

There are in all 20 Latrines of which 16 are of the approved pattern and the remaining four are stone wall endosures. The excreta is being removed on carts of the approved design and is trenched in the night-soil depot. After thorough disintegration it is being used as manure. The night-soil depot is one mile away from the Municipal limits. The Town sweepings were leased out for Rs. 191 as against Rs. 105 in the previous year subject to the condition that the bins should be regularly emptied every day. This stuff too is being used as manure The house sullage is let into sink-pits. For new buildings the provision of sink-pits of approved pattern are being insisted on The Municipality owned 3 night-soil and 3 rubbish carts. There were in all 80 dust-bins of which 49 are made of stone slabs fixed in the ground and 31 of corrugated iron sheets. Steps are being taken to increase the Conservancy tools and plant. A special Conservancy "Depreciation fund" exists to which an addition of 10 per-cent of the total value of the tools and plant on hand is being added year after year. The cost of replacing and renewing the Conservancy tools and plant will be debited to this fund. Its closing balance was Rs. 351-14-5 and is shown in the annual account under "Deposits and advances account". The total expenditure on account of public Conservancy was 5810 14-8 as against Rs. 5746-13-6 in the previous year, while the receipts for the current year as compared with those of the previous year were 191-0-0 and 105 respectively.

The receipts and charges per head of population were 0-0-2 and 0-5-1 as against one and one-fourth pies and 0 5 0 respectively in the previous year.

Private Conservancy

[ii] The total receipts and charges under this head was Rs. 1568-4-6 and Rs. 1126-5-10 respectively. The corresponding figures for the previous year were Rs 1050-1-0 and Rs 804-12-4 This service has not only paid its way but left a surplus of Rs 441-14-8 as against Rs 157-4-8 in the previous year The number of houses with latrines were 242 or the same as in the previous year The per-centage of houses thus served to the total number of houses in the Municipality was 6 00 as against 6·15 in the previous year As already stated the provision of latrine accommodation is being insisted on in cases of new constructions.

Enclosure IV-E.

[b] *Food adulteration etc,*

[i] All Hotels in the Municipality are licensed subject to the condition of health and sanitation, similarly the Diary produce, Sweetmeat shops, places where floor articles are prepared and Mutton and beaf stalls had been licensed.

[ii] The licensing conditions were mostly drafted on the lines of Dr. Turner's book on sanitation and were enforced.

[c] *Dangerous and Offiensive trades*

[i] Dangerous and Offensive trades were also licensed subject to such restrictions as were necessary to guard against nuisance, having in the view the density of population and the conveniences which they afford to the communities concerned. The sale of fish which was solely dried was prohibited in the dense parts of the town but allowed elsewhere, The places used for the storage and sale of cumbustable materials such as kerosine oil, match boxes, etc. were also licensed subject to the conditions of public health and safety. They were inspected periodically,

[ii] Annual licenses were granted reserving the right of revoking the same at any time for breach of condition or conditions. The conditions were mostly copied from Dr. Turners' book on sanitation. The trades are controlled. The Sanitary Inspector who is an experienced man is looking after them.

[b] *Fairs and Festivals.*

[i] No Fairs and Festivals of any importance were held or celebrated. The Car festivals of Vadakaraya Swamy and Sannakki Veerabhadra Swamy come up every year and are too insignificant to require notice. The outsiders that attend them may not be more than 250 in number. Necessary sanitary arrangements were made on those occasions.

[ii] No Joint-Committees were in existence.

[iii] The Temples just mentioned are too poor to make any contribution from their funds, They derive no income from Pilgrims.

[iv] The sanitary arrangements made at the two Car festivals were satisfactory,

33 Water Supply.

[a] The system of piped or protected water supply was not in existence. People obtain their supplies from draw wells whose number is pretty large,

Enclosure IV-F. G,

34 Drainages,

The Council cannot at present go in for a drainage scheme. Their slender resources do not permit the undertaking of it. They may not be able to discharge a loan constructed on that account,

Public Health Miscellaneous.

35 Public Health and Safety (Miscellaneous)

Veterinary Institution.

[i] The Council maintained no such institution during the year under report. The Government Veterinary-Hospital is situated within Municipal limist.

[ii] *Measures taken for fire protection:—*

No staff for the purpose is employed by the Council.

[iii] *Medical inspection of School Children:—*

In the year 1922-23, 269 Boys of the Municipal High School were examined and the Medical Officer was paid a remuneration of Rs. 201-12-0 Nothing was spent during the year under report,

Annexure E. *33 Financial Summary.* Remunerative Enterprises.

1919-20	1711 5 4	...	827 4 9		

(a) Markets:—

There were two Weekly Markets one at Hospet and the other at Chittawadigi with 4 and 2 stalls respectively. There was also a Daily Vegetable Market situated in the heart of Hospet with two stalls.

[ii] The gross receipts amounted to Rs. 1716-0-4 of which Rs. 1563-9-3 was spent in constructing stalls for the Daily Vegetable Market. The surplus of Rs. 153-7-1 was merged into the balance under the "General account".

[iii] Improvements.

The Weekly Market at Hospet is badly in need of improvement. The stalls require repairs. A compound wall is a great dissideratum. These requirements will be met in the current year. Proceedings for the acquisition of the necessary site for the extension of the Daily Vegetable Market have been set on foot. Government Notification is awaited.

[iv] No private Markets are in existence.

Enclosure V-A.

[b] Cart-stands.

The Municipality does not at present own a Cart-stand. A site for it has been selected and application for its acquisition forwarded to the Revenue Department.

[c] Slaughter houses.

[i] There were two public Slaughter houses, one for sheep and the other for cattle. The receipts and charges during the year 1923-24 amounted to Rs 230-8-0 and Rs. 175 respectively. The corresponding figures for the previous year were Rs. 231-4-5 and Rs. 388-2-4.

[ii] There were no private Slaughter houses

Enclosure V-B.

39 Tree Planting.

No trees were newly planted. A sum of Rs. 87-5-0 was realized from the sale of the tamarind usufruct.

Future Policy:

No attempt was made to improve the avenues as there was water difficulty on account of a succession of bad seasons. Shady and fruit trees will be planted as soon as the present conditions undergo a change for the better

40 Land Development

[i] A Town-Planning Committee is in existence but there was no scope for its activities. The town is still highly congested. The worst localities are:—

1 Lime-kiln site in II-Ward
2 Cowlpet Kurubageri in III-Ward
3 Kanchagarpeta in V-Ward
4 Boyakeri and the Fort in VI-Ward

No attempt to remove congestion will be made until the Council can provide sites for building new houses. The matter about this is under correspondence with Government. Vide my letter reference on C. R. 96-22 dated 18-3-24;

[ii] The town has not been surveyed after the constitution of the Municipality. A survey after the removal of a fair amount of congestion will be useful as furnishing a correct record of the existing conditions of streets etc. The assistance of Boy-Scouts will be availed of when necessary (G. O. No. 8294-M. dated 17-9-20). Steps will be taken to carry out the civic survey on the lines laid down in G. O. No. 1748-P. H. dated 18-12-1922.

[iii] and [iv] A town extension scheme costing Rs. 35000.

The reference on the subject was recorded by Government in its G. O. No. 1723-P. H. dated 17-10-23 as suggested by the Town Planning Officer

[v] Building sites are ordinarily disposed of on the assignment system. Government sites are now being sold by public auction. They fetch good prices.

[b] Other Land exploitation

[i] Temporary licenses for the occupation of road-margins by erection of temporary pendals etc. are issued without inconvenience to traffic. Unobjectionable encroachments on the Railway feeder road and trunk road were relinquished by the Council and were assigned away by Government on payment of ground rent.

[ii] There were in all 34 encroachment-cases. In 10 the encroachers were prosecuted. No warrants were issued for recovery of the cost of the sites. Notices were issued in 14 cases and the encroachments were removed. The encroachments removed departmentally were 8 as against 4 in the previous year. The number of encroachments pending removal were 2 as against 5 in the previous year

41 Pounds.

There are no Pounds under Municipal management.

VI. General Revenue.

42 Revenue account.

The property tax was levied at 10 per-cent of the rental value. The lands which are solely used for Agricultural purposes and which are not appurtenant to or covered by any building or buildings were assessed at 0-4-0 for 80 square yards under Section 84 (d) of Act V of 1920. The Profession and Companies taxes were levied at the Schedule rates. The taxes on animals and carriages were also levied at the Schedule rates exception having been made in the following cases:—

The special rates fixed are as shown against them:—

1	Cart	Rs.	4	0	0	per year
2	Bull	,,	0	8	0	per year
3	Male buffalo	,,	0	8	0	per year
4	Pig	,,	0	2	0	per year
5	Goat	,,	0	4	0	per year

Future Policy:

No attempt was made to improve the avenues as there was water difficulty on account of a succession of bad seasons. Shady and fruit trees will be planted as soon as the present conditions undergo a change for the better

41 Pounds.

There are no Pounds under Municipal management.

VI. General Revenue.

42 Revenue account.

The property tax was levied at 10 per-cent of the rental value. The lands which are solely used for Agricultural purposes and which are not appurtenant to or covered by any building or buildings were assessed at 0-4-0 for 80 square yards under Section 84 (d) of Act V of 1920. The Profession and Companies taxes were levied at the Schedule rates. The taxes on animals and carriages were also levied at the Schedule rates exception having been made in the following cases:—

The special rates fixed are as shown against them:—

1	Cart	Rs.	4	0	0	per year
2	Bull	,,	0	8	0	per year
3	Male buffalo	,,	0	8	0	per year
4	Pig	,,	0	2	0	per year
5	Goat	,,	0	4	0	per year

The tolls, warrant and distraint fees were also charged at the Schedule rates,

The income derived from the property tax was Rs. 16564-11-3 as against Rs. 14969-1-7 and Rs. 10387-1-5 in the two previous years. The increase was due to the timely revision of taxes and the fixing of assessments on improved and new buildings. 35 revision petitions were received during the year under report and all of them were disposed of before 31-8-24. In 9 cases the assessments were confirmed and in 13 cases they were either modified or reduced. 13 petitions were rejected. The Profession-tax yielded Rs. 3348-0-0 as against 2672-8-0 and 2094-0-0 in the year 1922-23 and 1921-22 respectively. 74 appeals were received and 50 disposed of leaving a pendency of 24 at the end of the year. Of the 50 appeals disposed of one resulted in an increase in assessment, and in 23 cases the assessments were confirmed and in 27 cases they were either reduced or remitted. A sum of Rs 330 was realized under Companies tax as against Rs. 485 in the previous year. There was only one appeal and it was disposed of before the close of the year. The warrant and distraint fees collected during the year under report was Rs. 301-10-0 as against Rs. 122-8-0 and 152-0-0 in the previous years. The collections from fees, fines and forfeiture were 998-12-4 while those under lapsed deposits were 49-8-5. The gross receipts under taxation were Rs. 21592-10-0 as against Rs. 18891-7-7 and 13888-15-10 in the previous years.

The openi ng balance under *A. General Account* was Rs. 21539-15-9 and the credits under Ordinary and Capital items were Rs. 52693-14-1 and Rs. 1666-12-0 respectively. The debits under the respective heads were 40378-2-7 and Rs. 5384-5-3. The total amount appropriated to meet the cost of Elementary Education was Rs 3178-13-4

" The General account " closed with a balance of Rs. 27479-5-6 or Rs. 5939-5-9, more than in the previous year. A sum of Rs. 5000-0-0 was invested in the Co operative Central Bank Hospet. The actual closing balance *in cash* in the Treasury was Rs 22479-5-6. A sum of Rs. 1650-3-6 was spent on the collection staff and other contingencies during the year under report. This sum represents 7-64 per-cent of the gross Revenue from taxation as against 17-65 in the previous year

43. Incidence

The aggregate demand under all taxes excluding taxes on carriages, animals and carts was Rs. 17396-12-0 as against Rs. 16884-5-2 in the previous year. There was thus an increase in the incidence of taxation per head of population from 0-14-2 to 0-15-2 w hile the Presidency average for the year 1922-23 was Rs. 2-0-4 The total number of houses assessed to tax was 4027, while the total area of the land assessed was 1250 acres 78 cents. The corresponding figures for the previous year were 3985 houses and 1250 acres and 73 cents of land. The incidence of tax per house was 3-3-2 and that of land per acre 0-15-7 The corresponding figures for the previous year were 4-7-10 and 1-11-0. The incidence of aggregate " property " works up to Rs. 4-2-9 as against 6-2-10 in the previous year.

The incidence of Profession tax assessed was 3-6-0 as against Rs. 4-1-2 in the previous year. The total number of persons assessed under this head was 890 or 4·85 per-cent of the total population. The figures for the previous year are 814 persons and 4·43 per-cent

The incidence of income per head of population excluding Government grants was Rs. 2-12-1, including Government Grants etc., was 3-5-11

Enclosure VI—C.

44. Demand, Collection and Balance.

The demand for the year under taxation items was Rs. 29347-6-4 of which Rs. 26811-7-10 was either collected or remitted leaving a balance of Rs. 2535-14-6 on 31—3—24. The corresponding figures for the previous year were Rs. 30523—13—5

Rs. 22692-3-7 (Collection) and 6355-11-8 (Balance) respectively. Of the balance (Demand)

Rs. 2535-14-6 that remained on 31-3-24 a further sum of Rs. 831-1-3 was since collected and Rs. 302-15-11 remitted as irrecoverable thus reducing it to Rs. 1401-13-4 or 4.7 per-cent of the demand of Rs. 29347-6-4. The demand under non-taxation items was 13060-5-4 of which Rs. 12653-12-2 was either collected or remitted leaving a balance of Rs. 426-0-2 or 3.26 per-cent of the demand on 31-3-24. This sum was subsequently reduced to Rs. 292-11-6 or 2.24 per-cent of the demand. The total demand under tax and non-tax resources for year was Rs. 42427-11-8 as against Rs. 43204-13-9 in the previous year. The balance pending realization on 31-3-24 was Rs. 2952-7-8 or 6·8 per-cent which was since reduced to Rs. 1694-8-11 representing 3-99 per cent of the total demand. The collection work during the year may be stated to be satisfactory. 1027 warrants for the recovery of the previous years tax were pending execution and 280 warrants were issued during the year. Of these 815 were executed and the tax remitted in 65 cases. Thus the balance pending execution was 429 or 32.8 per-cent of the demand and this number was further reduced to 290. In 186 cases distraints were made. In 13 cases the property seized was sold in public auction. 57 persons were prosecuted for non-payment of tax. The balances pending realization are due mostly from the poor and are being collected with much effort.

VII. A Cash transactions

45. Cash transactions

(i) The year under report opened with a balance of Rs. 25755-7-2. The Credits and Debits amounted to Rs. 61662-8-10 and 57361-5-6 respectively. The year closed with a cash balance of Rs. 25256-10-6. This is exclusive of Rs. 5000-0-0 deposited in the Co-operative Central Bank Hospet

(ii) All taxable sources have been tapped at rates which may be deemed to be some what high for a town of the size of Hospet. No cases of overdrawals on the Treasury occured,

Enclosure VII—A.

46, Ordinary resources:

The total ordinary expenditure on the General Account was Rs. 40378-2-7 as against Rs. 41229-13-11in the previous year. Of this Rs. 9408 or 23.2 per-cent came from Government Grants and the rest from receipts

47. Capital Expenditure

An aggregate sum of Rs. 5384-5-3 was spent as Capital expenditure. Of this Rs. 1949-0-0 or 36.2 was met from Grants and the rest was charged to the General Account

48. Debts.

Municipality contracted no debts up till now

49. Investments.

The account commenced with an Opening balance of Rs. 4653-4-10 and a sum of Rs. 8167-1-0 was invested during the year. The withdrawals amounted to Rs. 2543-13-6. It closed on 31-3-24 with a balance of Rs. 10276.8 4

Enclosure VII—E.

50. Depreciation

As stated in para 32 supra a Depreciation Fund was formed and maintained

51. Audit

The annual accounts for 1923—24 have recently been audited and the audit report is awaited. The results of the audit for 1921—22 and 1922—23 were pronounced to be satisfactory. There were no cases of surcharge

52. Assets and Liabilities

The total Assets of the Municipality were Rs, 12!607-10-10 while the Liabilities amounted to Rs. 8106-11-10. No bills were pending payment on 31-3-1924

53. General remarks

230 Prosecutions were instituted as against 330 in the previous year. Of these 73 were instituted for failure to take out licenses, 57 for non-payment of taxes, 19 for failure to get Children vaccinated. 1 for failure to give information of a birth, 1 for committing nuisance and 69 for other offences

The bulk of the population are agriculturists. Sites for the deposit of manure were acquired all round the town and the people are being pressed to make use of them

The two Co-operative Societies viz, one for the sole benefit of Conservancy Menials and the other for the benefit of other Municipal Servants were working satisfactorily. Their audit for the year ending 30—6—23 was conducted with satisfactory results The advantage of these Societies are being much appreciated by the Members especially the Menials.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk at the top of the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b1) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Reference concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for *one* week, and larger papers for *two* weeks only. *The type of notes and of all confidential papers is distributed immediately after striking.*

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
